

R.M.L.I. v. P. AND M. COLLEGE.

At Mount Wise this afternoon the R.M.L.I. were at home to the P. and M. College. The weather was brilliantly fine. The College batted first on a good wicket. The first two batsmen collected 8 runs before Heat was bowled by Capt. Waller, who shared the attack with Lieut. Keene. The bowlers were very troublesome, and the total had only reached 37 when the fifth wicket fell. Then, however, came a good stand by the Rev. H. J. Chaytor and G. R. Kennedy. Neither took any risks, but runs came freely, the score was taken to 70 before Kennedy had his defence penetrated by Capt. Waller. Without any addition to the total Chaytor was dismissed. Moore hit merily, and only four were required for the century when the professional was sent back. The remaining batsmen, however, were unable to do anything, and the innings closed for 95.

The Marinos opened with Capt. Waller and Hopkinson, but before the latter had scored he was cleared bowled by Chaytor, Waller and Lieut. Keene, however, made a stand, the former hitting with great vigour. Twice in one over he drove Chaytor out of the ground for 6, and Keene, after cutting Moore past point for 3, hit the bowler over the screen for 6. At 46 H. Hea relived Moore, but the professional trundled from the top end at 70. Waller reached 75 before being bowled caught on the boundary by Woodland. The outgoing batsman had hit fearlessly and his cricket was very lively. He hit five 6's and six 4's. Lieut. Keene and Lieut. Hughes also did well, and with five wickets down for 176 runs stumps were drawn, the Marinos winning by five wickets. Scores:—

SOUTH STAFFORDSHIRE REGIMENT v. R.G.A.

At Mount Wise yesterday the Staffordshire entertained the R.G.A. Gunner Heathcote and Sergeant Miller opened the batting for the Artillery, the bowlers being Lieutenant Keene and Lance-Corporal Price. The pair played steadily, but they obtained runs rather freely. At 28 Miller returned on to Price and was caught, Captain Disney-Hosbuck joining Heathcote. The latter got Keene to the leg boundary, and then on drove him for a single, but Disney-Hosbuck after obtaining a couple had his off stump hit by Price. Captain Wadlow was not slow to get runs, and after a neat cut for 4 off Price he sent the same trundler to leg for 3. His next scoring stroke was a cut just wide of point, and Heathcote also got a single off Keene. Heathcote's stroke to the leg were very pretty, and Wadlow obtained a nice 3 with a powerful cut just over point. The pair were playing excellent cricket now, and although a boundary was not very frequent, yet each man collected runs at a fair rate. At 90 Private Robeson was given a trial with the ball for Lieutenant Keene, and his second delivery was sent to the boundary by Captain Wadlow, whilst two leg-bys sent up the century. Three runs later the partnership which realised 64 runs, was broken, Robeson holding a return from Heathcote. Wadlow reached his 50 with a boundary off Price, and O.M.S. Morley got Robeson away for 2. Capt. Wadlow played brilliant cricket, and reached his century with a great drive for 4. In one of Lieut. Keene's overs the batsman hit five 4's. He gave one chance at 71, but otherwise he played a faultless innings. When the closure was applied he was still undefeated. His total of 145 included one 6, twenty 4's, and five 3's.

The Staffordshire made a very promising start with Lieuts. Maxter and Keene. The pair added 46 for the first wicket, but after they had been separated there was a collapse, the batting being feeble, and the whole side were out for 121. Scores:—

CRICKET NOTES.

ENGLAND'S INGLORIOUS
DISPLAY.

AUSTRALIA'S FINE BOWLING.

The collapse of the Englishmen in the third Test Match at Leeds on Saturday created a great surprise. When stumps were drawn on Friday, it seemed as though the Colonials would be somewhat easily beaten. England required 214 to win when they commenced their second innings on Saturday, and, considering that the wicket had very much recovered from the drenching sustained earlier in the week, it was generally anticipated that the representatives of the Mother Country would not have much difficulty in securing the victory. The batting, however, was a miserable failure, and the whole side were out for 67. England thus suffered defeat by 128. It must be frankly admitted that in the concluding stage of the match England gave a display quite unworthy of the cricket traditions of the country. The wicket had, on Saturday, worn at one end, but this is no excuse for the failure.

There was obviously great anxiety and nervousness on the part of the Englishmen, and, with all the wealth of batting presumably at command, they went from bad to worse, finishing after lunch with such a break-down as under anything like similar circumstances has rarely overtaken an English representative side. When England were defeated at Lord's last month exception was taken to the composition of the side, but such was not the case last week. Jessop and Brearley, to whose absence so much exception was taken on the previous occasion, were chosen, as also was Barnes to strengthen the bowling. The last-named thoroughly justified his inclusion, but the wicket had not sufficient life in it to suit Brearley. Further alterations will have to be made in the composition of the teams for the remaining two Test Matches at Manchester and the Oval. Little doubt exists that at present C. B. Fry and A. C. MacLaren are not sufficiently in form to justify, with so much at stake, their presence in an England eleven, and it would probably be better even with the captaincy placed in MacLaren's hands, that they should stand aside at Manchester in favour of other men.

The past few weeks have brought a wonderful change of fortune to the Australians. Badly beaten at Birmingham in the opening Test Match and showing no marked superiority over such counties as Hampshire and Somerset, the prospects of the side achieving real distinction this summer appeared extremely remote on the eve of the contest at Lord's. How brilliantly they triumphed on that occasion is by this time a matter of history, and now, with a second victory over England achieved, they have good reason to expect that they will win the rubber. The transformation has been as complete as it has been rapid. It has been wrought by the display of much skill, it is true, but primarily by that dogged perseverance which is so eminently a characteristic of Australia.

The Australians gave nothing away last week, fielding superbly throughout and batting with extraordinary self-restraint; yet, with all their caution, they gained practically no advantage on the first innings, and so late in the struggle as Friday evening, when their seventh wicket went down at 121, found themselves in a position of considerable anxiety. Fortunately for the Colonials, the tail succeeded where several of the more famous batsmen had failed; the last three wickets produced no fewer than 60 runs.

The Colonials' careful methods succeeded in the case of Armstrong and Noble, but much was required from the later batsmen, and that, happily for the visitors was forth-

coming. Still, it can scarcely be said that their batting won the Australians the match. The triumph was essentially one of bowling. The chief honours fell to a member of the team who would ordinarily rank as a change rather than one of the leading bowlers of the side. This was Macartney, who, in England's first innings, took seven wickets for 38 runs, and followed that piece of work up on Saturday by dismissing four batsmen for 27. Thus he secured the splendid record of eleven wickets for less than eight runs each. This was a performance which in the circumstances would have done credit to one of the greatest bowlers. No one would make that claim for Macartney. While it may be freely admitted that the young Australian kept a remarkable length and made the ball turn both ways, he was certainly flattered by the feebleness of the opposition. We must have a new and wholly young side for the other Test Matches if England's reputation is to be worthily upheld. Talent is plentiful; the spirit exists. England, with young players, can do no worse than fail, as the men who have seen their day have recently done.

The team selected to represent Devon against Monmouth has certainly been made much stronger in batting by the inclusion of C. V. L. Hooman and Lieut. Wilson, compared with the eleven opposed to Glamorgan last week. There is still one place open, and, considering that a fast bowler is needed, F. R. Coates, of Exmouth, should be chosen in preference to Lieut. Harrison or F. H. Carroll. The last-named two are batsmen, and are not so much required as a bowler. The three who will not play against Monmouth, but who figured in the Devon team against Glamorgan, are Major Garratt, E. C. Ball, and W. Ashford. No complaint can be made against the Selection Committee for the action they have taken, as neither of the last three rendered very material assistance in batting or bowling against Glamorgan.

Major Garratt is one of the very best batsmen we have in the county, but, unfortunately, he is nervous, and, as a result, not infrequently gets his stumps damaged before he has an opportunity of playing the first two or three overs. His delightful innings for Exeter against Wellington on Saturday fortnight won him his place in the Devon team to oppose Glamorgan. The Major then batted in an admirable manner, and those who witnessed his performance were rightly convinced that he was one of the most likely players to successfully oppose the bowling of Nash and Greber. However, through nervousness, he was out before he really reached the wickets, and Nash bowled him for a "duck." E. C. Ball, of Dawlish, has had his trial and failed. Remembering the very good form displayed by Ball, the Committee could not very well overlook his claims. W. Ashford has also been dropped.

There is not much doubt that the late Exeter captain would be still one of the best cricketers in our midst but for his damaged knee, which prevents him from doing much fielding, or, when batting, getting out to loose bowling. The time is past for playing men who are partially incapacitated, and the Committee must turn their attention to other players who are not such good bowlers, but who are more reliable in fielding and batting. Devon are certainly more likely to defeat Monmouth than they were Glamorgan. Unless they win next week I am afraid our chances of reaching such a good position in the Minor Counties Competition at last season will be completely gone, because Devon rarely secure more than two or three points in the matches with Glamorgan and Monmouth in Wales.

Exeter badly failed on Saturday, and it appears as though their record will be the most disappointing for several years. The citizens went to Sidmouth, and gave a display which would have been only moderate for a lot of school boys. They were dismissed for 56, the only player to reach double figures being Captain Baxallotte, who is the captain of the Exmouth Club. Tates, the Sidmouth professional, certainly bowled extremely well, but there was no reason whatever for the absolute collapse of the Exeter side. The visitors had the batting material at their disposal, but not one of them seemed likely to stay at the wickets for any length of time. Sidmouth won by over 150 runs. R. J. Russell, E. B. Brutton, and J. F. Orchard showing admirable resistance to Exeter's weak trundling. Tate obtained an exceedingly good bowling analysis, and his efforts were ably supported by Russell.

South Devon are about the strongest side in the county, and the tall score they made against Chudleigh, on Saturday,

plainly indicates that they are particularly good in batting. The XI, placed in the field, included H. F. Brunskill, A. Hingston, and Davies—three men who have rendered admirable service for Devon, especially the professional, who is still considered one of the finest wicket-keepers in the West of England. Everybody will remember the capital way in which H. F. Brunskill captained the Devon side previous to L. Tamworth, the present "skipper." It seems as though Brunskill will be of great service to South Devon this season. Davies was quite at home against the Chudleigh bowling, and rattled up 139 in brilliant style. He is always a very hard hitter, but, on Saturday he seemed to punish the bowling much more severely than usual.

A. Hingston is an undesirable batsman to any opposing side owing to his being left-handed, and, because of his long stay at the wicket on Saturday, Chudleigh had to exercise their limbs much more than usual in crossing over every time a strike was made. South Devon compiled 280 for three wickets, and then declared the innings closed. Unfortunately, the home-side remained a little too long at the wickets, as when stumps were drawn Chudleigh were over 100 runs behind, with only two wickets in hand. Had South Devon concluded their innings a quarter of an hour earlier there is not much doubt they would have won.

ROYAL NAVY v. ARMY.

TWO FINE INNINGS AT MOUNT WISE.

A two days' game between the Royal Navy and the Army was commenced at Mount Wise yesterday. The Navy had a strong side at their disposal, and the Army were also fairly represented.

Winning the toss, the Navy batted first. Lieut. Wilson and Harrison opening the innings. Lieut. Keene was entrusted with the first over, which resulted in 7 runs, Harrison getting a boundary and a 3 to leg. Three succeeding overs realised 3 runs, and then Harrison drove Keene past mid-off to the boundary, following with a long slide for 2. Lieut. Wilson on drove Lieut. Vekoh for a single, and Harrison sent the same bowler wide of point for 4. A fine piece of flogging at point by Major Langley saved a probable boundary, and at 30 Q.M.S. Morsley relieved Lieut. Keene, and Vekoh gave way to Lieut. Sanders. Harrison placed Morsley between cover and extra cover for 4, whilst Wilson drove Sanders for a like number. Fifty was reached by Wilson cutting Morsley for a couple, whilst Harrison got the same bowler in leg. Four overs by Morsley produced 20 runs, and Major Biggo had a trial with the ball at 74. Lieut. Wilson obtained a four off the new bowler, and Harrison cut Sanders for 4. The batting of the two men was very fine. Lieut. Harrison was very strong on the leg side, and Lieut. Wilson drove and cut brilliantly. The 100 was hoisted by Wilson getting Sanders to the leg boundary, and Lieut. Keene resumed from the pavilion end. The batsmen continued to score freely, Lieut. Harrison being specially fond of the boundary. Another change was made in the attack at 137. Lieut. Mackenzie trundling from the top end, Wilson promptly despatched the new bowler for 2, on drove him for 4, and pulled him to the leg boundary. The same batsman put one over the head of slips, and Harrison gently obtained a single to leg. The second century was passed, and Q.M.S. Morsley resumed. Lieut. Harrison appeared well set for his century, but at 90 he was clean bowled. He had given a magnificent display, and his innings included fifteen 4's. The wicket yielded 203 runs. Lieut. Wilson completed his century with a 4 off Morsley.

After passing his century Lieutenant Wilson hit vigorously, and after giving a chance at 141, he was caught at mid-off by Morsley. He played a great game for 150, his chief hits being one 5, twenty-one 4's, and four 3's. In the same over Dr. Causton played a delivery from Lieutenant Keene on to his wicket, and three were out for 296. After tea a thick, misty rain set in, and with its assistance the bowlers made the ball do a lot of work. The batsmen found it difficult to score, and the innings closed at 5.30 for 382, the last seven wickets falling for 89 runs.

The Army commenced with Major Langley and Lieutenant Keene, but after 36 runs had been scored rain stopped play. The game will be resumed this morning at 11.30.

ARMY v. ROYAL NAVY.

This two days' match was commenced at Mount Wise yesterday. The Navy took the first innings, and gave a magnificent exhibition, 203 runs being on the board at the fall of the first wicket as the result of a fine stand by Lieuts. Wilson and Harrison. When the latter was bowled by Morsley another partnership between Lieut. Wilson and Dr. Causton yielded 60 runs, and then Lieut. Wilson, falling to Morsley, was immediately followed by his partner, the score remaining the same. The runs were afterwards added more slowly, though still at a fair pace, for the whole 382 runs were made in three hours. The Army had very little time left to play, and this was reduced further by rain, which fell continuously for the last hour, eventually causing stumps to be drawn early. Scores:—

THE CRICKETERS' FUND.

The annual meeting of the Cricketers' Fund Friendly Society was held at Lord's last evening. The balance sheet showed that the Society was in a very sound financial position. The investments exceeded £9,000, and there was a net surplus on the year of £3,830. In moving the adoption of the accounts, the Chairman, Capt. W. E. Denison, made a brief reference to the reversal of decisions by umpires, and said that the instructions to umpires, issued by the M.C.C., and which he hoped to frame, referred only to an accidental slip of the tongue. The balance sheet was adopted and all the officers re-elected.

ROYAL NAVY v. DETAILS.

At Mount Wise yesterday Major Bigge captained an eleven to oppose the Royal Navy. The scratch team bat' d first, and Paymaster Pearson bowled Major Haig at 8. Then came a stand by Lieutenant Keene and Captain Currie. The former drove Pearson over the mile for 6, and Currie got the same bowler pass cover for 3. At 58 Croesey relieved Lieutenant Lapage from the top end, and with the last ball of his second over he bowled Currie. Three wickets then fell for an addition of 15 runs, but Lieutenant Keene, when joined by the Rev. C. B. Walters, hit vigorously. He cut and drove splendidly, whilst Walters got Pearson to the boundary. The 100 was reached with Keene despatching Lapage for 4, but from the next delivery the batsmen were caught in the slips by Lieutenant Jephson. The outgoing batsman hit one 6 and six 4's. Hard hitting by Lieutenant Johns increased the score rapidly, and the eighth wicket fell at 156. Captain Hopkinson gave a dazzling display of batting, and in the compilation of his 63 he hit one 6 and eleven 4's. The innings eventually closed for 253. The Navy commenced well, but Lieut. Sanders on trundling from the top end gave the batsmen a lot of trouble, and, in dismissing Dr. Glister, Mr. Harrison Smith, and Dr. Shawles with successive balls, accomplished the "hat-trick." Mr. Jelp batted well for 42 not out, and hit six 4's. Scores:—

8th INFANTRY BRIGADE v. THE REST.

The game at Mount Wise yesterday was between the 8th Infantry Brigade and an eleven styled "The Rest." The Brigade batted first, but wickets fell cheaply. Major Finlaison bowled finely. The first five batsmen scored 55 runs, of which Lieutenant Sanders made 21. He hit four boundaries. Nine wickets were down for 82 runs, but, thanks to some vigorous hitting by Q.M.S. Rowe, the century was reached. Lieutenant Patton, who batted with Rowe, was missed in the "country" off Major Bigge, and then he promptly hit the Major for 17 in one over. Major Finlaison resumed at 135, and, off his third delivery, Rowe was smartly taken behind the wicket.

"The Rest" opened their innings with Lieutenant de Smidt and Dr. Auston, the former getting Lieutenant Sanders to the boundary twice in the first over. At 12, however, he was beaten by one from Lance Corporal Parker, which hit his off-stump. Five later, Lieutenant Hawthorne was caught at 22 point by Major Longley, and Major Finlaison joined Dr. Auston. From the first ball he received he gave a hard chance in the slips, but Lieutenant Sanders generally a sure catch, let the ball slip between his hands. After this runs came apace, each batsman scoring with pretty strokes all round the wicket. The two carried the score to 43, when Finlaison caught one from Parker high up on his bat, and was taken at mid-on by Lieutenant Blockley.

Lieut. Jephson obtained a 3 for his first stroke, and then 6 were run as the result of an overthrow. Dr. Auston placed Parker to the leg boundary, and Jephson drove him for 3. At 60, Q.M.S. Rowe trundled from the top end, and Auston put the first ball to leg for 3, but Jephson was less fortunate, getting caught at first slip off Rowe's fifth ball. Dr. Auston left at 76, being brilliantly caught with one hand by Major Longley at point. Captain Currie made the winning stroke, and the next ball Parker clean bowled him. Scores:—

UNITED SERVICES v. DEVON DUMPLINGS.

For this two-days' cricket match, which commences at Mount Wise to-day, the Services will be represented by:—Captain Waller, Lieutenant Wilson, Lieutenant Keene, Major Finlaison, Lieutenant Sanders, Major Bigge, Staff-Paymaster Pearson, Lieutenant MacKenzie, Lieutenant Jephson, Lieutenant Kennard, and Lieutenant Lewis.

G.W.R. v. MR. C. COFFIN'S XI.

A pleasant game between these clubs resulted in a win for the Railwaymen by 34 runs to 20. For the winners R. Scoble took eight wickets for 7 runs.

R.N. COLLEGE v. HAMPSTEAD ITINERANTS.

The R.N. College, Dartmouth, yesterday defeated Hampstead Itinerants by three wickets and 130 runs. For the winners Mr. Franklin compiled a splendid innings of 110, whilst Mr. Reid contributed 61, Mr. Edmunds 44, Lieut. Harrison 39, and Mr. Parshaws 31. For the visitors F. Spencer batted well for 81 not out, whilst H. N. Howlett made 43, and H. A. Berthlin 35.

A new team has been formed in the Crown district, known as the Fradham Scouts. W. Goldworthy is the captain, A. Travella vice-captain, and J. P. Dunn treasurer and secretary. There are about thirty members.

EAST SURREY REGT. v. LIEUT. KEENE'S XI.

At Mount Wise, Devonport, yesterday, Major Bigge, going in first with Lieut. Jephson for Lieut. Keene's side, was caught at the end of the first over, when he and his partner had scored a single each. Lieut. Keene arriving on the scene, however, the score was raised to 25, when Jephson fell to Hemmings. After a period of slower scoring, Price and Ryan got together, and each hitting out well, 22 runs were added for that wicket. Smith having been cheaply dismissed, Price was joined by Richards, and some hard hitting brought the total up fairly rapidly. The side were eventually dismissed at 146. Drummer Hemmings was responsible for seven wickets for 43 runs. The Surrey did considerably better than the scratch side, scoring at a fair pace all through. Lance Sergt. Rowe gave a good display for 46, towards which he hit a 6, a 5, and four 4's. Capt. Stafford made a 6 and five 4's; and the side won by 4 wickets and 56 runs. Scores:—

CRICKET NOTES

THE VALUE OF FAST BOWLING

The narrow escape from defeat Devon experienced in the fight with Monmouth last week clearly indicated how important it is to have a fast bowler in a team. On the second day the wicket crumbled, and, although Devon only required 83 to win when they commenced their second innings, they had the greatest difficulty in obtaining runs, owing to F. G. Phillips terrorising the batsmen with his short-pitched fast trundling, which made the ball bump to an almost unplayable extent. The Devonians have not had such a surprise for many seasons, and, after the dismissal of three of the best batsmen when the score stood at 30, their position seemed almost hopeless, notwithstanding that they had four wickets in hand and only required about 40 runs to win.

Monmouth, who had been fighting an uphill task all day, fully realised their position when Devon went to the wickets a second time. The home county had ample time to make the runs, but so well did Silverlock and T. G. Phillips bowl, backed up by splendid fielding, that the Devonians had the greatest difficulty in making them. Wicket after wicket fell with practically no addition to the score, and it was left to the last three or four batsmen to pull the side out of the critical position in which they were placed. Men like D. C. Bales and J. F. Shelley had their wickets captured with very little trouble, and then L. Tanworth ran himself out. When Captain Hartley and Aston joined partnership nearly 30 runs were required. The two Devonians stuck to their task well, and gradually the score was increased.

Phillips bowled at a rare pace, and did his level best to make the ball "kick." Some people might have thought his bowling somewhat unfair, but this was not so. The batsmen were often unable to get the bat up to the necessary height to play the deliveries, and Captain Hartley and Aston received the ball on practically every part of their bodies. The amateur had two exceptionally nasty cracks, one being on the back of the head, and the other on the elbow. Nevertheless, he "stuck at it" for all he was worth, and, as a result, he and Aston secured their side the victory after a most valuable stand. Hartley has not figured in Devon cricket before this season, but Aston has often rendered brilliant service to the county. On more than one occasion, by his good bowling and vigorous batting, he has materially assisted in winning matches for Devon when defeat seemed to be staring them in the face. Rarely, however, have the county been in such a tight corner as last week, and the thanks of all are due to Captain Hartley and Aston for the admirable manner in which they got their side out of difficulties.

The poor wicket at Camborne again gave ample evidence of what success a team can attain with fast bowlers. The match between Devon and Cornwall was concluded in one day, the first-named winning by two wickets. The bowlers, largely owing to the state of the pitch, had matters practically all their own way, and the scoring was exceedingly low. The wicket helped fast and medium bowlers considerably, and no less than 39 wickets fell in less than seven hours. The game was full of exciting incidents, and the rapid manner in which wickets fell made the encounter exceedingly interesting all day. Until the last few minutes of the game it was difficult to say which side would win, as the Devonians, who batted last, were being dismissed by Hawken and Bickford-Smith in a surprising manner. When each team had batted once Cornwall had a lead of 13, their score being 132 against the visitors 119.

In their second innings the representatives of the "Duchy" made a very poor display against the deliveries from Aston, Contes, and Waller, the whole side being

dismissed for 63, only two of the side reaching double figures. The state of the wicket at this stage was such that it was evident Devon would not have matters all their own way in their second innings. Lieut. Wilson and Light by good batting certainly gave Devonians much hope of winning, but after this practically no player stayed at the wickets for any length of time. However, J. F. Shelley made a rather useful contribution, and Devon won with two wickets in hand. It must be recollected, however, that five out of the last six batsmen to handle the willow only scored eight runs between them, and, therefore, it is only reasonable to suppose that the last two wickets would not have added many runs. The Devon team was not so strong in batting as against Glamorgan, but the Committee took the right step in selecting Contes. Had no fast bowler been playing it is likely that the visitors would have lost the match.

Exeter sustained yet another defeat on Saturday, when Wellington, playing at home, beat them by six wickets. The citizens seem to have struck a bad patch, and it is necessary to go back several seasons to find one in which the Club did so badly as they are doing this year. There are several reasons for their failures—batsmen who formerly made runs have failed to find their form, the bowling is, for the most part, very poor stuff, while no little difficulty is experienced in raising teams, especially for away matches. But for the splendid stand made by Major Garratt, who scored 60 (not out), the Exonians' total against Wellington would have fallen considerably short of the century, for only two other batsmen succeeded in getting into double figures. The Somerset men made very light of the task set them, putting on 41 for the first wicket, and had only lost four men when the Exeter total was passed. Why don't the city endeavour to secure the services of some of the really good young cricketers to be found playing for junior teams in the neighbourhood, and make things comfortable for them when they are played?

The Exeter Home Team have not experienced the best of luck so far this season, for, although their batting has been fairly good, there has been somewhat of a weakness in the trundling department, the only bowler to maintain his reputation being L. Edwards. On Saturday they met Crediton at the County Ground, and a glance at the scores show that the homesters possessed a chance of bringing off a win, but delayed putting on the closure too long, for, when stumps were drawn, Crediton were at a considerable disadvantage, having only two wickets to fall, but still requiring over a hundred runs. The chief feature of the game was the batting of H. S. Drew, who has rendered splendid service in the past for the Home Team, and who thoroughly deserved his century. L. Edwards also batted confidently for his 80 runs, and the score was carried to 283 for the loss of eight wickets, when the home captain declared. On Crediton going to bat only J. Symes could do anything with the bowling of Edwards, who was again in splendid form. Symes was only five short of his century when his stumps were disarranged by Edwards, and with the exception of Mr. "Extras," whose contribution was 21, none of the remaining batsmen reached double figures. Crediton were distinctly fortunate in getting off with a draw.

UNITED SERVICES v. NEWTON BLUES.

At Mount Wise yesterday, in windy, but otherwise favorable weather, the United Services entertained Newton Blues to a whole day's match. Capt. Lyon opened the scoring with two boundaries. The 50 went up in twenty-five minutes with a fine leg drive by Lyon to the boundary. His stay at the wicket was a merry one, he obtained his 33 in thirty-five minutes, and hit eight 4's. The 100 was up in just over an hour. The last ball before lunch proved disastrous to C. R. Bloy, who was caught by Lieut. Jepson off Major Smith's bats for 56. Dr. Martin's score then was 56 not out. Resuming after lunch Martin and Codner carried the score ahead at a good pace. Codner off-drove Smith for 2, and Martin got Little away for 3. Martin played very efficiently, and his strokes were really first class. At 124 (Capt. Little scored the partnership, bowling Codner middle stump with a splendid length delivery. Macpherson opened with a single off Smith, and Martin drove Little high for a couple, which sent the 200 up for the loss of three wickets. Seven runs later Macpherson was caught on the boundary by Lieut. Johnson, and Mawle joined Martin. The latter gave a chance to Mawle before he had scored, and Martin, getting too far under one from Smith, was taken by this bowler for 82. Mawle placed Little straight for a single, and Fawcett obtained one pace cover point. The same batsman executed a brilliant stroke, which yielded 3 runs, and Mawle was successful in placing Little to leg for 4. At 236 Lieut. Fawcett bowled from the bottom end, and Mawle sent his first delivery to the leg boundary. Fawcett was smartly stumped by Lake at 234, and Ward obtained a single off Little, but in attempting to get one from a stroke of leg, his wicket was thrown down. Russell part-nered Mawle, but was caught in the slips from his first stroke, and Veary was clean bowled by Lyon at 260. Mawle placed Lyon to leg for 4, and obtained a single through the slips. Mawle reached his 50 with a boundary off Little, but 4 later he was bowled, and the innings closed for 287.

The Services commenced with the Rev. V. J. Leatherdale and Commander Preston. The former was bowled at 15 by Codner, Major Smith hit Codner twice to the leg boundary, and put him through the slips for a single. He drove the same bowler out of the ground for 6, and then put him wide of cover for 4. At 41 Mawle relieved Codner, his first over producing 8 runs. Smith batted freely, and reached his 50 with a boundary off Mawle. One later he gave a hard chance to point, which was not accepted, and Preston drove Mawle for a single. Capt. Lyons trundled from the top end, and bowled Smith at 121. Captain Little and Mr. Jepson played brilliantly, but the remaining batsmen offered little resistance, and the innings closed for 287.

UNITED SERVICES v. OLD SHIRBURNIANS

The United Services had a representative eleven in the field at Mount Wise yesterday when a two day match was commenced with the Old Shirburnians. The visitors batted first, C. H. Cole and Lt. W. Jenson opening the innings to the bowling of Capt. Waller and Lieut. Wilson. Runs came along at a good pace, and after sending down five overs for 12 runs, Waller gave way to Capt. Lyons. The first wicket fell at 41, W. Jenson getting Cole caught at cover by Chickster. E. J. Moore joined Jenson and was a trifle lucky in making one from Wilson to the boundary. Jenson played very free cricket, and placed Lyon pretty close by for 4, and then pulled him to the square leg boundary. At 64 Lieut. Ames relieved Lyons. Moore put him to leg for a single, and Jenson off drove him to 4. The latter put Wilson to mid-off for a single and Moore sent the same trundler to the boundary with a powerful stroke.

Another change was made in the attack at 83, Cpt. Chickster relieving Lieut. Ames, and off the last ball of his first over three byes were run. Moore put the bowler to leg for 4, and then sent up the century with a boundary. Jenson gave a hard chance in the day on reaching 50, but without adding an extra he was stumped was hit by a " Yorker " from Chickster. G. L. Cole then partnered Moore, and after opening cautiously, drove Chickster finely to the boundary. At lunch two wickets were down for 131.

Resuming after lunch 4 runs were added when Cole was caught by Lieut. Harrison. J. R. Taylor got little trouble, Cpt. Lyons bowling him at 153. G. L. Cole then joined Moore, and the latter, after making some beautiful strokes all round the wicket for 51, was neatly taken at first slip by Chickster. At 164 he fell to a brilliant running catch by Chickster, and L. C. Powys and A. O. Master became associated with out any addition to the score. However, Master was beaten by a break ball from Wilson, and Powys, after being misused in the slips, drove Wilson wide of the point for a couple. M. R. Elerton dispatched him to the leg boundary, and sent him part on off for a single. At 172 he drove Wilson for 2. G. V. Orr obtained a couple of singles, and was then taken at cover by Benbow, and Wilson bowling G. C. Sweet the innings closed for 103. After lunch eight wickets fell for 62 runs.

The Services opened with Lieut. Harrison and Major Smith. Jenson and Sweet opening the attack. Harrison drove Sweet straight for a single, and Jenson's second over obtained 5 runs. At 12, however, he was bowled by Sweet and Captain Lyon led Smith. The latter put Jenson through the slips for a single, and Lyon drove the same bowler for 7. A score was only 18 when the second wicket fell, Jenson holding a hot drive by Lyon. It was a brilliant catch the fieldman losing the ball and regaining it at the second attempt. Lieut. Wilson left at 24, and Captain Shewell went to the crease. The fielding was very smart, and runs came slowly. Smith pulled Jenson to leg for a couple, and was then caught in the slips by G. L. Cole. At 56 Lieut. Jephson played a driven from Jenson on to the wicket, and Lt. Benbow, Cpt. Chickster, and Captain Waller were dismissed for the addition of 3 runs, seven wickets being down for 3 runs. The innings closed for 46, and the Services had to follow on. Jenson took seven wickets for 24 runs. The Services followed on 147 runs in arrears and after scoring 4 Lieut. Harrison was caught. Some vigorous hitting by Lieut. Wilson, Major Smith, and Captain Waller carried the score to 114, when an appeal was put against the light, and stumps were drawn. For the day

CRICKET NOTES.

DEVON'S PLAY IN WALES.

The tour by the Devonians in the Principality last week was satisfactory. Had the meteorological conditions been more favourable there is reason for thinking Devon would have won two of the three matches. The drenching rain made play impossible on the second day at Llandovery. After Devon totalled 313 Carmarthen replied with 167 for three wickets. When play was abandoned, the two not out batsmen each had over 50 to their credit, but the score Devon compiled was one that would have taken a good deal of beating. Remembering how Carmarthen have fared in previous matches, Devon may certainly be regarded as having had a good chance of gaining the points, if only on the first innings.

Practically the same team was played at Cardiff against Glamorgan, the only alteration being Captain Christian for the Hon. D. Scott. Although Devon did extremely well at Llandovery, it was generally felt the eleven were playing against the weakest side in the group, and that the task at Cardiff would be much more difficult.

Glamorgan have been represented by strong teams for several years. Rarely have the Devonians been successful in the Welsh Metropolis. The bowling the visitors had to face was very different to that at Carmarthen and Nash and Maxwell dismissed the whole side for 97. Notwithstanding this, Glamorgan failed to gain a substantial lead on the first innings. And so well did Deane, Wilson and Harrison open Devon's second innings that there was reason for thinking that the team would total a big score. Unfortunately, after the dismissal of the first two, very little resistance, except by J. P. Shelley, was offered to the Glamorganshire trundling. The XI. were all out when only a few over 100 runs had been placed to Devon's credit. The Welshmen required less than 80 runs to win, and these were obtained for two wickets. Glamorgan, therefore, won easily.

Bearing in mind how well D. C. Boles bowled against Monmouth, at Exeter, last month, his inclusion in the side at Newport on Friday and Saturday was encouraging. The homesters led by 14 runs on the first innings, but, before stumps were drawn for the day, they were in an almost hopeless position.

At this stage it was clear that nothing but bad weather which would have been rank bad luck for Devon could save the home county from defeat, and when play was possible on Saturday it was soon apparent what the end would be. Monmouthshire says a Welsh writer were beaten fairly and squarely after a fine effort in the first innings. Monmouthshire did not bat particularly well at their first venture, and, though six men got into double figures, there was no innings of outstanding brilliance. Robinson and E. Watkins made the stand of the match, and thus helped to carry the total to 132. It was not considered enough to obtain a lead, but, owing to capital bowling by Silverlock (who took six wickets) and some fine fielding by E. S. Phillips, which led to two men being run out, Devonshire were all out for 115.

With only an hour to play, Monmouthshire faced disastrously against the bowling of D. C. Boles. They lost seven wickets for 25, and Boles had six of these for 15 runs. It seemed mysterious that the men should get out so cheaply, but there is an explanation. Boles was getting a quite remarkable swerve on the ball. Driver said on Saturday that in the whole course of his cricket career he never saw a bowler get such a wonderful swerve. The peculiarity was that it came obliquely in the last yard, and came right in on to the wicket from the off. A strong wind was blowing across the pitch, and this, no doubt, helped the bowler. It is said, too, that one of the umpires expressed the opinion that Bowles, bowling in that form, would have got the Australians out for under 200. So there is some excuse for what looked like a collapse. Once seven wickets were down for 25, there was only one hope of winning on the play, that the batsmen of the morning might do something sensational; but they could only carry the score to 44, and Devonshire, when they went in a second time, were always masters of the situation. They had no difficulty in obtaining the 53 runs necessary for victory, and despatched their win.

The manner in which Boles has come to the front with the ball has given great satisfaction. Until recently he was not considered sufficiently good to be placed in the first rank of Devonshire bowlers, and, therefore, his successful trundling in the County matches is all the more surprising. The swerve about which one writer had so much to say on Saturday was in evidence when Monmouth were at Exeter three weeks since, and, therefore, the peculiarity of his bowling, noticed on Friday and Saturday, was not something new.

The Devonian secured the remarkably good analysis of seven wickets for 25 runs in Glamorgan's second innings, and, for the match, 41 wickets for 78. Monmouth had never before been dismissed so easily by Devon as in their second innings last week. Too much praise cannot be given to Boles and Christian for their excellent work.

The Devon team will conclude their list of fixtures this week, when they meet Carmarthen and Cornwall. The match with this first-named county takes place to-morrow and Thursday at Torquay, and that with the representatives of the "Duchy" at Exeter on Friday and Saturday. On the general form shown this season, although not particularly good, Devon should win both games. The playing of a match at Torquay is somewhat unusual. But remembering that Torquay possess a capital ground, and that plenty of excellent cricket is played there, it is only reasonable that the County Committee should foster the game as much as possible at the seaside resort. Not only have Torquay a good team, but within a few miles there are such strong Clubs as South Devon, Paignton, and the Naval College. During August many eleven touring in the West of England secure fixtures with these Clubs, well knowing that they will have good games.

Exeter have had the satisfaction of defeating Torquay twice in one week. Their victory on Saturday was very praiseworthy considering that the Exonians had not a representative side, the last three places having to be filled by substitutes who reside at Torquay. F. H. Carroll and E. L. L. Hammond gave the citizens an exceptionally good start, compiling 114 runs for the first wicket. They batted exceedingly well, the first-named contributing 82 and Hammond 53. After their departure wickets fell very fast, and the whole side were dismissed for an additional 42. At one stage of the innings four wickets fell for nine runs. The re-appearance of W. Pett in the Exeter side is likely to strengthen the batting somewhat, but, notwithstanding that he has played cricket for many years, he is still capable of making many runs on last wickets. Exeter compiled 153, and dismissed their opponents for 113, Hammond securing six wickets for 55 runs and Young three for 27. Torquay only made ten runs off Hammond's first twelve overs. The Exeter wickets were evenly shared by C. G. Deane and J. P. Wilson at an average cost of about nine runs each. To-morrow and Thursday Exeter have a two-days match with Paddington, who are one of the strongest teams touring in the county this season.

I doubt whether any team in the county have scored so many runs in a one-day match this season as did Exmouth against Chiswick Park on Saturday. The exmouthers compiled 356, and defeated the tourists by 250 runs. The bowling by the visitors was somewhat weak, but, nevertheless, credit is due to Exmouth for their capital score. No less than eight of the Exmouthians made double figures, the top scorer being F. R. Coates, who compiled 62. Captain Bazalgette also handled the willow well, and contributed 58 before he had his stumps disarranged. Useful scores were also made by R. Bandberger, A. H. Gray, and Days. The wicket-keeping of Chiswick Park was not of the best, there being no less than 46 extras. Days and Coates also bowled exceedingly well. During the next fortnight or three weeks Exmouth have eight or nine very good matches with touring teams, and, provided they continue to show such good form as on Saturday, they should give a good account of themselves. Exmouth is one of the most delightful places in the county to play cricket, and, therefore, it is not surprising to learn that several touring teams are anxious to play at the popular seaside resort.

Although there was a great deal of rain last week, the wickets in the majority of places in the county recovered sufficiently by Saturday, and several useful scores were made. I have referred to the excellent batting by Exmouth against Chiswick Park, but there were other tall scores which cannot be passed over without notice. South Devon scored 250, and, after declaring their innings closed for the loss of six wickets, defeated Paignton by nearly 100 runs. H. E. Brunskill made 104, and was then

disappointed. He was at the wicket a considerable time, and scored freely all round the wicket. He showed exceptionally good form, especially in cutting, the manner in which he often sent the ball through the slips being most creditable. South Devon were represented by a good side, and it was no disgrace to Paignton to be defeated somewhat easily. S. Bartlett also played a fine innings for Paignton. However, he did not receive much support from the remainder of the side, except E. R. Alderswick, who made 33, not out. Both teams have an excellent lot of fixtures for August, and some capital cricket should be provided.

Another match in which a good score was made was that between Bradninch and Cullompton. The first-named, after totalling 200 for five wickets, closed their innings, and then got rid of Cullompton for 108. The tall score made by Bradninch was due to the free batting by C. G. Nott, who made 101. He handled the willow in a vigorous style, and certainly had some luck. However, all men who go in for hard hitting have to take certain risks. Cullompton started very well, but their last half a dozen wickets produced practically no runs, and they were all out for 106.

Rowe Bros. defeated St. Matthew's by 38 runs. A. Shears and W. Yeoman hit tremendously hard for 19 and 15 respectively, while Capeslake, Board, and Fenwick bowled well, keeping a capital length, being backed up by excellent fielding, Chapman in particular bringing off two splendid catches in the deep field.

Chudleigh yesterday gained a well deserved victory over Kato Hill Wanderers, scoring 194 runs to 143. For the winners S. Mackay was top scorer with 45, Dr. Hatfield batting well for 42. L. Lutton (40) did best for Kato Hill.

R.N. BARRACKS v. INCOGNITI.

Continuing their Western tour the Incogniti commenced a two days' match with the Naval Barracks at Keyham yesterday. Three afternoon were made from the side which defeated the United Services at Mount Wane on Tuesday, H. Curver, H. Hargreaves, and R. W. Stout playing for H. V. I. Watts, F. H. Curroll, and H. C. Pope. The Incogniti batted first on a beautiful wicket, but with only three runs scored Captain Partridge was caught at long leg. H. Curver and S. Douglas, however, improved the position, and hitting vigorously put on 35 runs before Curver was run out. The best stand of the innings was made by J. C. Wood and G. V. Campbell, the pair adding 63 runs for the fourth wicket. Neither batsman took any risks, and both obtained many boundaries. At lunch the score was 223 for 7, and on resuming Lieut. Young was taken in the slips by Collier. N. F. Wells left at 251, and Hargreaves and R. W. Stout moved freely for the last wicket. The former drove Collier twice to the boundary, and Stout hit Hargreaves for a 6 and three 4's in one over. Stout went up the third century with a single off Hargreaves, and 11 runs later Lieut. Kennard stumped Hargreaves, the innings closing for 311.

The Barracks lost Hargreaves before a run had been scored, and only 16 runs were on the board when the Rev. Hastings was beaten by J. L. Dobson. Wickets fell cheaply until Lieut. Allison and N. Fawcett came together. The pair rendered their side yeoman service when things were looking bad. They defied the bowling until they had put on 67 runs, and then Fawcett had his wicket spread-eagled by Campbell. Allison carried out his bat for an invaluable 37, Commander Pratt being bowled at 291 by Campbell. The Barracks had to follow on, and at the close of play four wickets had fallen for 69 runs. R.N. BARRACKS v. INCOGNITI.

This match was concluded at the Royal Naval Barracks, Keyham, yesterday. At the close of Wednesday's play the Barracks were 41 runs behind with six wickets in hand with which to avert an innings defeat. The not-outs, Collier and Lieut. Kennard, resumed, and after 9 runs had been added the last-named was caught by Wells. Some vigorous hitting by Wood, Light wickets were down for 153 runs, but then followed some steady batting by Paynter, Pearson and Lieut. Jephson. Runs came freely, each batsman getting some runs. The pair put on 63 runs before Jephson was finally caught at the wicket by Wells. Pearson sent up the 50 with a single past the slips, and Pratt drove Dobson for 1. The innings closed for 294, Pearson getting leg before wicket to Stout. He played an excellent innings for 55, and never gave a chance. Requiring 94 runs for victory, the Incogniti started with Lieut. Young and H. Hargreaves, the latter being caught at cover point by Lieut. Manners for the first ball he received. Three more wickets fell in the first half, but, thanks to some splendid hitting by (Capt.) Pratt, the visitors gained the victory by five wickets. Full score:—

UNITED SERVICES v. PADDINGTON.

Continuing their list of home fixtures, the Services entertained the Paddington Cricket Club at Mount Wren yesterday. The weather was gloriously fine, and the wicket was beautifully easy. The sides were thoroughly representative. The visitors won the toss and commenced batting with W. Ingram and M. Jackson. Capt. Waller opened the attack from the top end, Ingram getting his first ball past point to the boundary. Jackson placed Lieut. Wilson for 4, and followed with a 2 wide of the slips. Runs came along at a good pace, and Ingram obtained a boundary off Waller with a nice stroke past mid-off. At 40 Capt. Waller gave way to Capt. Lyon, and Jackson got the new bowler's fourth ball to leg for 4. The first wicket fell at 46, Jackson being smartly taken behind the wicket by Commander Oliver. Ingram hit Wilson over the head of cover for 5, and O'Brien was lucky to snick one from Lyon out of the reach of first slip. A pull to the leg boundary by Ingram sent up 60, and O'Brien placed Lyon neatly for 4. At 78 the batsman attempted to run for a hit to mid-off, but Wilson, throwing the ball in smartly, was successful in getting Ingram run out. Major Finlaison bowled from the top end, and from his second ball, O'Brien was finely taken one hand by Lieut. Wilson in the slips. J. Hosken and L. Gruchy were together when the interval came for lunch.

Resuming after lunch, the pair put on 13 runs, and then Waller clean bowled Gruchy. Boddam joined Hosken, but after the latter had hit up 21, he was caught at mid-off by Major Bigge. Boddam put Wadlow wide of point for a single, and Riches placed him rather luckily through the slips to the boundary. Capt. Lyon, bowling from the pavilion end, was sent to the leg boundary twice in succession by Boddam, but Riches was beaten, middle stump, by the same bowler at 164. Boddam square drove Wadlow for two 4's, and then Lieut. Wilson made a magnificent effort to catch him in the slips. The ball came fast and wide to the fieldman, who, however, succeeded in stopping it. Boddam continued to bat superbly, his square driving being a feature. Puddafoot played very cautiously, and Boddam sent up the second century with a boundary off Finlaison. There was a vast difference in the style of the two batsmen, Puddafoot playing practically a stonewalling game, whilst Boddam gave a bright and interesting display. Boddam hit Waller for 11 in one over and then placed Lieut. Keene to leg for 5. He reached his century with a high pull for 4 off Keene, and Major Bigge was given a trial with his "lob." Eight runs were hit off his first over, and Puddafoot placed Wadlow through the slips for 2. Bigge was successful in his next over, however, getting Boddam caught in the outfield by Major Finlaison. The outgoing batsman, in compiling a brilliant 111, hit seventeen 4's. Eleven runs later Puddafoot was caught at cover by Lieut. Keene, and Lieut. Wreford joined A. Courtney. The former lifted Wilson for 3, and Courtney hooked the same bowler to the pavilion for 4. Wreford was missed in the long 44 through misjudgment, and with another 4 off Wadlow he sent up the 200. After being missed twice he was eventually taken at point by Captain Hopkinson, and Waller bowling Courtney the innings closed for 318.

The Services started with Major Bigge and Major Finlaison, and the first over from Wreford produced 2 runs. Bigge then drove Wreford for 4, and sent him for a single, whilst Finlaison placed Puddafoot past extra cover for 2. At 11, however, he was bowled by a low-breaking delivery from the same bowler. Only ten more runs were added when Bigge popped up one from Wreford, and was caught in the slips by Ingram. Lieut. Keene placed Puddafoot to leg for 3, and Lieut. Harrison square cut him for a century. The pair carried the score to 37, when Keene was "sprayed" by Puddafoot. Lieut. Wilson was clean bowled before scoring, and Boddam, going on from the bottom end, hit Harrison's leg stump. A stand by Commander Gladstone and Captain Lyon carried the total to 80, when the latter fell a victim to Boddam. They played for the day, the Services being 225 runs in arrears with four wickets to fall. Scores:

UNITED SERVICES v. PADDINGTON.

The United Services and Paddington opened a two days' fixture at Mount Wise, Devonport, yesterday. Batting first the visitors gave a fine exhibition, the outstanding feature of the innings being a capital batting performance by Boddam, who knocked off 111 in perfect style. His was a fine display, and the effort included nearly a score of boundary hits. Other capital contributions to the total of 315 were Ingram's 35, Wreford's 33, and Jackson's 44. The batting was disastrous for the Services' bowlers. Captain Waller, Lieut. Wilson, and Captain Wadlow each obtained a couple of wickets, the first two at a cost of 55 runs each, and Wadlow for 71. The Services opened their innings after tea, but their play was slow and uninteresting. Stumps were drawn with six wickets down, the score being 90. Lieut. Harrison's 24 was the most valuable contribution, and his batting by far the most interesting. Scores:—

COMMANDER PRESTON'S XI. v. MR. SKEWARDS XI.

At Mount Wise yesterday in glorious weather. Preston's XI. batted first, Lieut. Yonge and Collier putting on 62 runs, before the latter was bowled by Pearson. Commander Gladstone joined Yonge and runs came along at a good pace. Yonge especially scoring freely. Pearson, however, hit Gladstone's off stump at 81, and Yonge sent off the 100 with a single off the same bowler. Lieut. Jephson placed Pearson through the slips to the boundary, and Yonge drove Grigg for 4. Maraden bowled for Pearson after the 100 had been reached, and Jephson hit the new bowler to leg for 3, and then off-drove him for 4. (Grigg, who is quite a lad, and on the ground staff at Mount Wise, was relieved by Major Biggs, who in his second over, beat Jephson, and then bowled Lieut. Yonge. Allison soon fell a victim to Biggs's lob, being stumped at 167 by Aston. Lieut. Fawcett opened with two high drives off Maraden for 6, and then out him for 4. Fawcett attempted to hit Biggs, but the latter's delivery deceived him, and he was clean bowled. Heston making some nice strokes. Leatow eventually succeeded in bowling Preston for a nicely collected 25. Heston drove and out finely, and was not beaten until the score was 292, when he missed a delivery from Lieut. Onslow, and had his wicket spread-eagled. The innings closed for 303. Mr. Skeward's XI. made a very poor show indeed, and within an hour were dismissed for 65 runs. Aston and Lieut. Tippen were the only two men to bat with any confidence, out-Grigg obtained a nice boundary and a 3 to leg off Hammond. The game will be continued to-day. Present scores:

COMMANDER PRESTON'S XI. v. LIEUT. JEPHSON'S XI.

At Mount Wise yesterday in glorious weather. Lieutenant Yonge and Collier opened for Preston's XI, and scored at a fast rate. Each batsman executed a number of fine strokes, and there were a number of boundaries. Collier reached 50 with a 4. H. Pearson, and the 100 was sent up without loss. Numerous changes were made in the attack, but it was not until the score had reached 148 that the first wicket fell, Jephson holding a hat cut at point by Collier, when the latter required 3 runs to complete his century. Yonge continued to bat confidently, and obtained his 50 with a fine boundary hit. Commander Gladstone obtained a couple of 5s and Pearson resumed with the ball from the bottom end, his Yonge's off for 174. Lieutenant Allison hit 68 very quickly, his innings including two 6's and seven 4's. At 347 only four wickets had fallen, and the innings was declared closed. Lieut. Jephson's XI. scored 208 for the loss of eight wickets, the game ending in a draw. Scores:

MAJOR BIGGE'S XI. v. R.N. BARRACKS.

At Mount Wise yesterday, in fine weather, and on an excellent wicket. Major Bigge's XI. batted first, and, with the fourth ball of the afternoon, Shackel secured Lieutenant Onslow's wicket before a run had been scored. However, Lieutenant Exham and Major Bigge put a different complexion on the game, and added 36 runs before the former was caught by Benbow. Major Bigge did not survive his partner very long, and after his departure wickets fell fairly cheaply. Major Finlaison and Captain Disney-Roebeck added 23 runs for the last wicket, the innings eventually closing for 90. Shackel took five wickets for 41 runs and Hutton four for 41.

The Barracks did not start too auspiciously against the bowling of Major Finlaison and Captain Lyons as they lost five good wickets for the paltry score of 15. Lieutenant Manners contributing 11 of that number. Then Lieutenants Fawcett and Yonge became associated, and these two players, by excellent batting, increased the score to 61 without further loss. Mr. Fawcett was very sover on the bowling. He hit three 4's and a single off one over from Major Bigge. With only 3 runs added after the tea interval, Lieutenant Fawcett returned a hot one to the bowler, after having compiled 53. Lieutenant Yonge and P.O. Hassell came together, and they raised the score to 88, when the former was bowled for a well-hit 23. With his next two balls Captain Lyons dismissed Lieutenants Jephson and Smith, thus accomplishing the "hat trick." Hassell made the winning hit, and the innings closed for 94. Captain Lyons took five wickets for 32 runs, and Major Finlaison five for 45. Scores:—

MAJOR FINLAISSON'S XI. v. R.N. BARRACKS.

Major Finlaison skipped an eleven which opposed the R.N. Barracks at Mount Wise yesterday afternoon. The weather was brilliant, and the scratch team were fortunate enough to bat first on a perfect wicket. They did not make a very auspicious start, however. Losing five wickets for 61 runs Capt. Waller, however, played very confidently, and drove Hutton over the ropes on the 11th ball. He was then hit in the outfield, but the batsman made some excellent strokes all round the wicket, and went on to put Hutton to the test. He was then hit in the outfield, but the batsman made some excellent strokes all round the wicket, and went on to put Hutton to the test. He was then hit in the outfield, but the batsman made some excellent strokes all round the wicket, and went on to put Hutton to the test.

The Barracks lost a wicket before a run had been scored, but Lieut. Allison and P. Bennett put on 21 runs before the latter was finally caught high up by Lieut. Jefferies at point. The scoring was slow and the wickets were down for 69 runs. Bennett was hit by Hutton, and the former hitting vigorously the century was reached before Bennett was caught and bowled by Onslow for a useful 38. After his dismissal, however, with the exception of Shuckles, the side collapsed, the innings closing for 142. Major Finlaison's XI. winning by 21 runs. Scores:—

CRICKET NOTES

NECESSITY FOR LEAGUE GAMES.

MATCHES WITH SOMERSET AND GLOUCESTERSHIRE.

The Test matches, which have been in the mind of every cricketer since the commencement of the season, have come to an end. The Australians have secured the "Cauldron," winning two of the five against England's one. The other two were drawn. One doubts very much whether an Australian side has created so much surprise for many years as that touring in the country at present. When the Colonials commenced their county fixtures, a little more than three months since, their displays were disappointing, and led to the anticipation that they would experience many defeats as the season advanced. But this anticipation has not proved correct. The Australians have shown themselves to be one of the finest eleven that have ever set foot in this country. No doubt the poor scores the Colonials made in their earlier matches were due to slow wickets. When the pitches became more favourable to the batsmen they made some really brilliant scores. Their magnificent display at the Oval only last week plainly indicated that they are a side possessing exceptionally good talent.

A well-known county cricketer has written me during the last few days calling attention to the lack of support given to the game in Devonshire. There is certainly cause for complaint. But it is difficult to see how more interest can be aroused unless League matches are arranged. Now is the time to make arrangements for such games. I firmly believe that if a real effort was made during the next few months a couple of good League competitions could be provided for next season. There are some obstacles in the way. But these can easily be overcome if people will make up their minds to have such competitions. There is no reason whatever why a contest for junior Clubs should not be spread over the season, and another for senior Clubs take place in June and July.

I personally do not think that League games could be played by the majority of the senior Clubs in August, owing to the numerous fixtures with touring Clubs. Such fixtures are very advantageous to the county, as often the teams include some well-known first-class batsmen, whom it is always a pleasure to watch. The visits of such great sides bring a good deal of money into the county, as frequently relatives of the players are also on tour.

Although some players show much keenness when playing against touring teams, I am afraid there are others who display much apathy and do not care whether their team wins or loses. The same thing may also be said about a certain Club in the county, whose members play nothing but "garden party" cricket, which is often of the tamest description. I have witnessed some of the games which the Club I refer to have played during the last week or two. When one sees such an entire absence of enthusiasm on the part of the majority of those playing, it makes me regret all the more that the Club often draws players by social attraction, and thereby weakens other teams, who are to win matches.

However, returning to the subject of League games, cricket would attract more interest if there was really some honour to be gained. There is no doubt that considerable enthusiasm is shown by players who are anxious to figure in minor matches. Especially is this so in the neighbourhood of Exeter, and I am sure that if the Secretaries of the minor Clubs were called together immediately at the close of the present season, good results would accrue.

At present there is an exceedingly wide gap between the senior and junior Clubs in the county. The sooner it is bridged the better for all who have the interest of the game at heart. Why so much "side" for the matter of fact, should be put on in the matter held by a number of players, it is difficult to imagine. Speaking generally the bad position of the majority of cricketers

is better than that of those who play football. But there is no reason why there should be such frequent reminder of that fact by certain individuals whose cricket is certainly no better, if as good, as many who, owing to lack of means, are not able to pay large subscriptions and incur considerable travelling expense.

So long as some players continue their present attitude there will never be a united effort to advance the interests of cricket in Devonshire. I have been closely connected with the game for a considerable time, and seen numerous instances of young players being "snubbed" by people who have an extra eightpence in their pocket. This kind of thing is not so apparent in the neighbouring County of Somerset. The senior all players are placed on the same level when on fields of play the quicker will the County gain a good name for cricket as she has in Rugby and Association football. There has been no effort made to attract the class of people who constitute the football grounds in their thousands. If League competitions were started, and the positions of all made as comfortable as possible when playing, cricket would advance by leaps and bounds in the next year or two, and sufficient financial support be forthcoming to enable the County to take part in very different matches to those with which it has at present to be content.

Games in connexion with the Minor Counties Competition certainly create some interest, but the players who figure in the teams which represent Glamorgan, Monmouth, Cornwall, and Carmarthenshire—the four counties Devon play—are practically unknown to the ordinary man in the street. We want matches with Somerset and Gloucestershire, and if games with these counties could be arranged for next season there need be no cause for anxiety as to the financial support which would be forthcoming. If representative sides from the two last named counties could be induced to play Devon when they are not engaged in first-class matches, and including the Saturday, an opportunity would be given the Devon Committee to ascertain the real amount of interest taken in cricket in the county. What is needed to make cricket prosper in Devon is an arrangement of matches with Gloucestershire and Somerset, League matches, and less objectionable manners on the part of men who play for some of the senior Clubs in the county. If things are allowed to go on as at present, cricket will always remain in an unsatisfactory position.

The batting and bowling averages of the Devon players are published in these columns. Light, as was expected after his brilliant innings against Cornwall, has the best batting average, compiling 381 runs in eleven complete innings. The professional batted the most times of any member of the team, and his average is very creditable. C. V. L. Hoeman, who registered 135 against Barnstaple, at Torquay, has an average of 30 for seven innings. Seven players have an average of 20 and over. The County have principally relied in bowling on D. C. Bates, Captain Hartley, and Light. Lieut. Wilson, who did not bowl half as many overs as the other three, has the best average, which works out at a little over 10 runs per wicket. Bates captured 25 wickets at a little over 11 runs each. Light's 20 wickets cost him 247 runs. The largest number of runs were scored off Captain Hartley, whose average for 22 wickets is 16.86.

Exeter had to acknowledge another defeat on Saturday, when they were beaten by the United Banks. Unfortunately, the City had an extremely weak team, and could only succeed in getting together ten men. No less than five Exeter players were playing in a scratch side at Bystock. One would have thought, remembering how badly the City have fared this season, that they would have done their duty by their Club, and not have left the Hon. Secretary to scrape together any sort of a side. But such was the case on Saturday, and I should not thank any of the officials of the City team will be sorry when the present season is concluded. Through lack of practice and want of keenness on the part of certain players, Exeter have lost many matches they were expected to win. At present there is no anxiety whatever on the part of some members to assist the Club. They also seem to ignore the fact that the City officials have the first claim on their services.

Bearing in mind the form shown by many this season, one can easily understand why the attendance of spectators—small at any time—has fallen off of late. The enthusiasm which prevailed a few seasons ago, when Exeter were only beaten in one match throughout the season, has entirely disappeared, and members who might be

expected to assist Exeter are found wandering all over the county for the purpose of getting games. Excepting two or three, the players who assisted Exeter on Saturday were practically of little good either as batsmen or bowlers. In fact, the side was extremely poor, and never ought to have played under the name of "Exeter." The fielding and bowling were so wretched that the United Banks were allowed to compile 162. They ought to have been out for half that number.

UNITED SERVICES v. HAMPSHIRE HOGS.

Play opened at Mount Waverley, Devonport, yesterday in a two days' fixture between the United Services and the Hampshire Hogs. The Hogs opened play before lunch, and a fine stand by Stow and Slater, whose treatment of the bowling was very free and easy, negated well for the effect. Stow hit out magnificently, and rarely missed a good opportunity, while Slater's batting was very good. The score rose rapidly, and the century had been passed when Slater fell a victim to one of Capt. Walker's deliveries, his innings resulting in a contribution of 50. Stow found an able partner in Towns, and the score was increased to 100 when Slater, having in eight innings in the hundred for 14, struck out for four runs later, his capital score of 150 including over twenty 4s. With the dismissal of Stow, Slater, and Towns play became somewhat feverish, and although a very good stand was made by Chavell (43), who saved the remainder of the side did rather poorly. The effort was brought to a close shortly after four o'clock, having produced 25 runs. Lieut. Wilson and Major Finlayson opened for the Services, and 40 was recorded on the board when the latter was caught by Wilson. In the runs over Chavell dispatched Lieut. Harris, and five minutes later, exactly on time, took Lieut. Wilson for 10. With only 67 on the board the Services had five wickets down, but the advent of Major Biggs made matters look brighter, and during his partnership with Capt. Walker the century was attained. At 31 Major Biggs fell to Chavell's tricky bowling, and a minute or two later the day's play came to a close, the score being 115 for six wickets. B. Wilson for the Services, Lieut. Wilson took five wickets at a cost of 60. Stow:

CRICKET NOTES.

THE PAST SEASON REVIEWED.

EXETER'S POOR SHOW.

Many Clubs in Devonshire conclude their fixtures this week, although there are several who will play well into September. A glance at the doings of some Clubs at this stage will not, perhaps, be out of place. Last week I referred to county matters. To-day I will confine my remarks solely to Clubs. The United Services, at Devonport, have played more games than any other Club in the county. This is not surprising, remembering the large number of officers garrisoned there. They have met most of the best touring teams, and well held their own. They have also won the majority of matches against local elevens.

The Devonshire Dumplings have played a great deal of cricket. But some of their performance might have been better. From a social point of view, there is no doubt that the Club is a success, but there are many who doubt whether it is of material value to the county in promoting cricket. The Club is mostly confined to people of good social position. Players have to be nominated in a somewhat unusual manner for membership, and this gives the opinion that many among the best cricketers in Devonshire, who are not quite so fortunately situated as others, are not required. A man of good social position in the county has no difficulty in securing election, whether he can play cricket or not; but a person in the ordinary walks of life, who has no influence at his back, would find it difficult to become a member however good a cricketer.

There is a matter connected with the County Ground in which many people would like an expression of opinion from someone in authority. One day last week the Exeter team had to scratch a match with the Old Glavians because the County Ground was engaged by the Devon Dumplings. Which of the two Clubs has first claim to the ground is a matter still disputed by many. It was generally felt that the late Mrs. West's magnificent gift was made because of the great interest her son—the late Mr. R. B. West—took in the Exeter Club. No one can dispute that the late Mr. West was one of the most enthusiastic supporters of the City Club, and always expressed himself anxious that they should play in a more central ground than Grosvenor. Unfortunately, his death, all too early, prevented his seeing cricket in Exeter brought up to the level he desired.

The material fact is that the gift was made by the mother of one who had the interest of the Exeter Club very much at heart, and at a time when the Devon Dumplings did not exist. Therefore, it is only reasonable to assume that the intention of Mrs. West was that the Exeter Club should have priority. If that is so, any attempt by any other Club to play the part of the cuckoo should be resisted. I believe that if the County Club did there is a provision that the ground shall pass to the Exeter Club.

It certainly seems that the City Club have priority, and that the younger organisation, the Dumplings, which did not exist in the lifetime of the donor of the ground, ought not to be permitted to supplant the City Club. If anyone can throw any light on the matter many will be glad, so as to remove the chance of future misunderstandings. The games played by the Devonshire Dumplings at the County Ground occupy a good many days, and it should be settled, once and for all, which of the two Clubs have first claim upon the ground. Capital scores have been made by the Dumplings in several of the matches, but in others there have been disappointments. Generally speaking, the batting has been much stronger than the bowling, and difficulty has, therefore, been experienced in getting rid of opposing teams when easy victories seemed to be possible.

Perhaps the Club which has caused the most disappointment in the county this season is Exeter. Recollecting how well the Club has done in three or four previous seasons, their lack of success this year is all the more regrettable. There is no doubt that the Hon. Secretary (the Rev. R. H. Lucas) has done everything in his power to secure good sides. But, owing to a variety of causes, weak sides have had to be placed in the field, and they could not

expect to win. The players have not stuck together. Some have assisted other Clubs when they should have been figuring the City teams. Not more than half-a-dozen matches have been won during the whole season. People witnessing the side defeated week after week have sighed for the return of such men as Captain Hayley, Lieut. Jeff. W. Pelt, Beach, and Fulham—players who could be relied upon to make 50 runs in most matches. When such men were playing, no Club in the county could beat them.

During the memorable season to which I am referring, rarely did more than half the Exeter players have an opportunity of batting in any match, for the first four or five men at the wickets compiled the necessary runs. Exeter has only had one or two reliable batsmen playing this season. So the side have fared badly. The failure to win matches at the commencement of the summer no doubt accounted somewhat for the difficulty experienced in obtaining good sides later.

The present season presents the worst record for a dozen years. This, as I have observed, is largely due to very little interest being taken in the Club by some who ought to have thrown in their lot entirely with Exeter. The cricket season is exceedingly short compared with that for football. But if one may judge from the slackness displayed by some players at present, it appears to be altogether too long. What is needed to excite more interest is a series of League matches. They will have to be arranged without delay if cricket is to make any headway in Devonshire next summer.

South Devon, Torquay, Sidmouth, and Exmouth—four Clubs who play practically the same class of cricket as Exeter—have done fairly well. The first-named has had considerable assistance from H. F. Brunsell, A. Hingston, and one or two other good players. I understand their record is quite as good as in previous years, and that the Club is still hopeful of winning one or two more matches. The Torquay ground is very attractive to touring teams, and it is not surprising that so many matches have been played there during the last couple of months. The quaint pavilion and beautiful surroundings contribute to the pleasure of playing matches at the "Queen of watering-places." Several of the touring teams have already expressed a desire to again have matches there. Torquay has not done quite so well as many people expected, their batting not being so strong as in some previous seasons.

Sidmouth and Exmouth are having their usual number of matches with Clubs touring in Devonshire. It is very satisfactory to see them holding their own. No Club in the county is so strong as Sidmouth during August, several well-known players taking their holidays at this seaside resort solely for the cricket. A glance at the teams playing during the last five or six weeks has clearly indicated that the sides playing during this period have been much stronger than those in June and the early part of July. The cricket at Sidmouth in the latter half of the season is of the very best character. Therefore it is not surprising that so much interest is taken in the doings of the Club by people all over the county.

Many people were of opinion, a couple of seasons since, that Exmouth cricket would never again reach the high standard attained when Exmouth had regular fixtures with the M.C.C., I Zingari, and the Incorniti. Not long ago it did seem as though Exmouth cricket had deteriorated. But, thanks to the efforts of Captain Bazalgette, it is regaining much of its old glory. Exmouth could not have a better man at the head of affairs, and it is satisfactory to note that he is being well supported by several other members of the team, who show themselves ever ready to play. Exmouth, like Sidmouth, has a splendid ground, and a more delightfully situated spot could not be wished for a day's cricket.

CRICKET NOTES.

ENTHUSIASM NEEDED IN DEVONSHIRE.

The remarks relating to the necessity for League Competitions in Devonshire, for the purpose of exciting more enthusiasm over the game, were, I understand, from various quarters read with considerable interest. There is no doubt that if a meeting were called to discuss the matter considerable benefit would be derived, and, possibly, one or more competitions organised for next season. It is ridiculous to continue as at present. Immediate action should be taken for improving matters. An amateur who has played cricket many years writes me stating that he does not think competitions could be arranged owing to some people being particular as to whom they play against. There is some foundation for such a remark, and it would be better for the county if the people he alludes to did not play cricket, or had a pitch on the middle of Haldon, where they could have matters all to themselves.

No encouragement should be given players who often have not the grace to make themselves agreeable, and do not even speak to some who are playing in the same team. We must have a different spirit if Devonshire is ever to shine in cricket.

League Competitions have existed for many years in other counties, and there is no reason whatever why they should not be arranged in our midst. To save expense, the county could be divided, and a Senior and Junior Competition arranged for each half, with a dividing line running across from Newton Abbot to Okehampton, the competition on the Exeter side of the line to take in the Barnstaple area. If this plan were adopted, the travelling expenses of players would be comparatively small, and the interest created would be such that men would be keen on playing until the end of the season. The team at the top of each of the Senior Competitions could meet on the County Ground towards the end of August and try conclusions for the Championship of Devon. The same procedure could be carried out in connexion with the Junior Clubs.

The preliminary arrangements for such competitions would entail considerable labour. But surely the Clubs which enter would not object to paying half a guinea to cover the clerical services required. Devon cricket is, unfortunately, in a very poor way. No useful purpose will be served by endeavouring to persuade people that it is advancing to any considerable extent, and it has not been for the munificent gift of the late Mr. R. B. West, there is good reason for thinking that Devonshire would not be taking part even in the Minor Counties' competition to-day. The beautiful ground at Pennsylvania was given the County, and a large sum placed on one side for three or four years solely for the advancement of the national summer pastime in Devonshire. That money has been spent, but we are little further forward from a cricket point of view than when the County matches were played at Grassdown.

Devonshire have an excellent Hon. Secretary in Captain Rodcliffe. But he is practically helpless owing to lack of financial support from many, some of whom play at the County Ground throughout the season, and might reasonably be expected to substantially subsidise.

One could not help noticing the entire lack of interest in the game between Exeter and South Devon, at the County Ground, on Saturday. Here were two of the strongest teams in the county opposing each other. But the spectators did not number more than a couple dozen. Why was this? Because, except those actually playing, nobody seemed to care who won. If there had been a competition match, matters would have been very different. People would have looked forward to the match for days beforehand, and the game would have been witnessed by a very much larger number of people. As it was, the ground had a forsaken appearance.

When sitting in the pavilion, listening to the cheers and shouts of thousands of people who were at a football match only a few hundred yards away, one wondered why in one community so much enthusiasm should prevail for one game, and none be shown for the other. The fact is that the players cheered at St. James's Park were preparing for a League competition, which will excite interest throughout the season. Surely it is time that something should be done to stir up enthusiasm during the summer months in connexion with one of the healthiest games in which both players and spectators can participate.

Exeter tried conclusions with South Devon on Saturday. The City had one of their best sides in the field, and, consequently, they gave a good account of themselves. The match was played on the County Ground. At one stage of the homeaters' inning it appeared as though South Devon would not have much difficulty in winning. Exeter had lost five of their best batsmen for about 20 runs, I think, W. F. Sturt, and F. H. Carroll being among those dismissed. Luckily, excellent stands were made by W. A. Hird, E. L. Hammond, and W. E. Mann, three additional wickets adding nearly 150 runs. Exeter declaring their innings closed when they had compiled 226 for the loss of eight wickets. W. Ashford, who registered 5, handled the willow in excellent style. Although his innings was not without fault, it was a capital performance, remembering that the old international footballer is not so nimble as at one time.

South Devon replied with 148 for 7 wickets, and, therefore, when stumps were drawn Exeter certainly held a distinct advantage. Harold Watts and Davies contributed 57 between them. But when the time for drawing stumps arrived both were out, and there did not seem much likelihood of the other players giving the city much difficulty in getting rid of them. Had the game commenced at noon, as advertised, there is reason for believing that Exeter would have gained the victory. The delay in the start was due somewhat to the late arrival of the visitors.

Exe Valley have, I think, gained the only distinction in the county of dismissing an opposing side for less than half a dozen runs. This performance was achieved on the Alphington-road ground (Exeter) on Saturday, when Culompton were all out for four runs, half of these being extras. In fact, the only players who made a run were the two to go to the wickets last, the other nine being dismissed by Pinchin and Horwill before they had scored.

About half a dozen overs were sufficient to get rid of Culompton, Pinchin taking eight wickets for no runs, and Horwill two for two. Exe Valley, who batted first, declared their innings closed when they had made 115 runs for 8 wickets. T. F. Cottrell played a capital not out innings of 50. Exe Valley have not done at all badly this season, and it is encouraging to note that the players have stuck together so well. This has been so in previous seasons, and has accounted somewhat for the successful career of the Club as playing under the name of Exe Valley and also the Exeter Y.M.C.A.

Notwithstanding that Bradninch were defeated by Wellington on Saturday, they have done fairly well this season. The brothers Passmore have again rendered material assistance to the side, their efforts being ably backed up by Nott, Heel, and Glass. These half a dozen players have been mainly responsible for some excellent victories the Club have obtained during the last three or four months. I doubt whether there are three other brothers in the county who have the welfare of cricket more at heart than the Passmores. No matter whether it is secretarial work, ground work, or anything else connected with the Club, they always show keenness in helping matters forward. They are also very good cricketers, and Bradninch are fortunate in being able to secure their services so regularly.

Wellington have not been beaten on their own ground this season, and, therefore, it was no disgrace to Bradninch to have to knuckle under by one wicket and 80 runs. The Somerset Club had an exceedingly good side, and, after the heavy rain, it was not surprising to notice that Luke, the Wellington slow bowler, was responsible for the majority of the visitors' wickets. There are few better bowlers in Devon or Somerset than B. B. Luke, and those who have played against him well know how he can bowl

players around their legs by breaking to a very considerable extent. S. J. Richards and B. W. Eblon had a large share in inflicting defeat on Bradninch, as they made 65 and 44 respectively.

LEFT-HANDED BATSMEN.

CURIOUS SUGGESTION.

One of the most remarkable features of the present cricket season has been the astounding success of the Australian left-handers, and, in view of this, it is interesting to note that, in "The Strand Magazine" for September, Sir A. Conan Doyle passes a severe vote of censure upon left-handed batsmen, and urges that left-handed batting should be entirely abolished. In the course of his remarks he says: "The left-handed bowler hurts no one, but the batsman is undeniably a nuisance, delaying the game, and giving the field an immense amount of trouble. Why should he be permitted to do this when he is in so immense a minority? Of course, any legislation upon the subject should respect the position of all existing batsmen, and should give a margin of three or four years, so that those players who are coming on might not be disqualified. But after that date I would enact that no new player be admitted as a left-handed batsman into first-class cricket."

CORNWALL COUNTY LEAGUE: FINAL.

PENZANCE v. LANHYDROCK.

The replay of the final of the Cornwall County League took place at Truro yesterday between Penzance and Lanhydrock. Lanhydrock batted first, and were dismissed for 50 runs. Penzance did not show much better form, only exceeding their opponents' score by 13. On batting a second time Lanhydrock knocked up 42 for six wickets, when they declared. Penzance were set 58 to get in 45 minutes, and this they did for the loss of one wicket, thus winning the match. The Rev. W. E. Graves presented the trophy, the gift of Sir Edwin Durning-Lawrence, Bart., to Mr. W. S. Boase, captain of the Penzance team. Scores:—
