#### FROOME VALLEY. Mr R. Braithwaite, the hon, secretary of this club writes to say: "We are looking forward to some

Mr B. Brandsmane, an our esteemed captain will be again with us and many of our old members will be again with us and many of our old members will be available including the Rev. A. E. Green Frice, who is a thorough cricketer in every way and always to be relied upon for runs when things are going badly. Then we have Messrs P. E. Bradstock and H. J. Dent, who have so often in years past ably assisted our club to victory. Amongst other playing members may be mentioned W. Wargent, a fairly good all round man, especially as a bowier on a fast wicket. H. Griffiths, an old Cathedral School boy, a useful bat and change bowler, who scores rapidly when once going; R. Wood, a very promising bat, who generally makes runs: H. Higgins, a sticker, and one who takes a lot of moving; C. W. Parsloe, a much better player than his scores of hat season admit, also a fairly good bowler; and G. H. Bray we look forward to many wickets falling to this recruit). The other members are all untried.

#### ROSS AND DISTRICT.

ROSS AND DISTRICT.

Longstop writes: Seasons come and seasons go, and with the month of April dies the football season of 1908-0, thus giving place to the pride of all English sport, wir., cricket. As far as Ross and district is concerned everything points to a highly successful summer. With such sunshine as we have experienced during the last week, one's thoughts naturally turn to summer sports and pastimes, and on recalling the date, it is but a few days and the "flammelled foods" will be at it again in full swinz. The lovers of this splendid outdoor exercise in Bases and the meighborehood will are doubtedly gladly welcome the first match of the season for the Ross Club, whose first eleven meets an eleven picked from the district to-day (Saturday). This week has seen all the necessary preparations going on at the ground at the Park, Ross, one of the best and most picturesque in the county, being overhauled, and laid out by the new professional, A. E. Penduck, who enters upon his duties at Ross with good reputation both as a bovier and bateman. He hails from Gloucestershire being well-known at Stroud and by all the other county clubs. Mr W. T. W. Jeffery is the captain of the first cleven, and though one or two of the old Laces will be missing new enthusiasis have been secured, and special mention might be made of the Rosy. J. Alban the new senior curate, who, we understand, has assisted Staffordshire, as well as our own county eleven. Altogother thirties made of the Rosy J. Alban the new senior curate, who, we understand, has assisted Staffordshire, as well as our own county eleven. Altogother thirties made of the Rosy J. Alban the new senior curate, who, we understand, has assisted Staffordshire, as well as our own county eleven. Altogother thirties made of the Rosy and the curate of the present has been arranged with Hereford Coub and Ground. Every Saturday is also filled up for the second eleven, so altogether the Ross public will have an opportunity of watching some first class games. Mr Sidney Price bold

tically the same number of clubs in existence, and what with the old players, and the introduction of several new ones, some close finishes may be expected, dirs A. W. Foster's challenge cup proving a great attraction to the district clubs. With such a variety of clubs in the Rass vicinity one would like to suggest the formation of a crickel league, and it necessary incorporate the city of Heeford into it, making the radius say 12 or 14 mites from Ross. Such an organisation would not only tend to further the interests of this good old national game, but would also induce the members to stick by ally to the club it they represent. There would, is my opinion, be ample teams to provide enough fixtures to carry the various clubs through the season without going any great distance away for matches, which must prove very expensive for the working men players, a feature which is surely worthy of consideration. Although it is rather late to suggest this, it would not even now be impossible to inaugurate one. A full list of all the fixtures will appear later. A clance at the number of clubs in the Ross district will prove whether or not a league could be formed. For instance, there are first rate elevens to be get together at Weston, Bushpraymod, Lydbrook, Goodrich, Whitchurch, Monnouth, Garway, Longhope, Mitchelden, Bradley Court, Perrystone, Brockhampton, Holme Lacy, Ross Second Eleven, Dymock, Cinderford, Ruardean, Blaisdon, and many other parishes, to say nothing of the junior teams in the city of Hereford. May some steps be taken next season to see if a league could not be formed, if it is now too late to do so.

#### LUDLOW AND SOUTH SHROPSHIRE.

The forthcoming season of the above club does not look quite so bright as in former years. The The forthcoming season of the above club does not look quite so bright as in former years. The death of Mr W. W. G. Hurs Silwell and Mr R. J. Dansey has cast a gloom over the club, both the deceased gentlemen having been big supporters of the club. Mr W. W. G. Hurt Sitwell had been for many rears the most ardend supporter of the old South Shropshire team and also the Shropshire County team. We also believe that Mr F. H. Sitwell, who has been captain for years, will shortly be leaving the district for Oxfordshire; if so this will be a sad blow to the Ludlow club, as he is undoubtedly one of the finest sportamen in the county. The ground is looking well. Morgan, who goes again to Knighton as pro, has been working on it hard for several weeks. The annual meeting of the club has not been held yft but will take place on Tuesday evening, May 4th, when the fixtures will be made known. The team expected to represent Ludlow and South Shropshire in most matches may be Mr F. H. Sitwell, Mev. H. F. Hastings, Messes J. S. Leake, F. Milbank, G. R. Dansey, R. B. Williams, G. F. Bright, D. Liddell, C. E. N. Shorting, J. Woodman, Major Henry, A. E. Roodhouse, T. C. Richards, Ralph Leske, W. W. Marston, F. Marston, H. O. Dolby, and E. Turley, Griffiths, lat year's pro, has severed his connections with the club, and we believe a young Kent bowler will be engaged. The club will be short of bowlers, but will clook to Mr J. Woodman, Mr Richards, and E. Turley to flowers, but will clook to Mr J. Woodman, Mr Richards, and E. Turley to the work. All three with Griffiths bowled well last season. The club is not short of batamen, and we hope to see the Rev. H. F. Hastings get a century or two as usual, while Mr Richards is a fine all-round cricketer. We are informed that Mr T. Luce, the Wiltshire wicklet-keeper, who is come to live in the district, with Luclow, who for years have suffered the loss of a stumper. The Second XI. will play for Ludlow.

a stumper. The Second XI, will play most of the local and country teams as before, and contain several promising locals.

#### BUILTH WELLS

BUILTH WELLS.

There is every prospect of a bright and successful cricket season at Builth Wells, where the game has attained great popularity during the past few seasons—success that has been arhieved mainly through capable management and an unstinted enthusiasm on the part of the players and the public. Subscriptions are always forthcoming, and last season's balance sleet showed the inceme to be £120, and the expenditure £140, leaving a debit balance of £20, which has now been wiped off by the Builth Amateur Draustic and Orchestral Society. The ground is in better condition than ever, and the club has decided to concrete the space within the railings at the pavilion. About 20 new seats for spectators have also heap very kindly provided by members of the club. Officials for the seas in (and in this connection the club is always extremely fevoured) are as follows:—President, Mr Venables-Llewelly: vice-president, Mr Rees Thomas: captain, Captain Harcourt Wood: vice-captain Mr Reginald J. Owen: 'treasuner,' Mr D. H. H. Williams: secretaries, Meers Reginald J. Owen do C. Evans: 'and countition, Messra Beginaid J. Owen (C. Evans J. P. Ward, W. Pritchard, Ewan Vaughan, D. F. H. Williams, Lloved Prosser, F. S. Sparkes, E. V. Watkins, A. R. Evans, W. Smiles, J. P. Pugh, S. Thomas, and E. B. Key. The ground has been roiled for six to eight weeks, and about £12 is being spent in a cycle track. Mellor, the exchemite professional, has been engaged, and some 16 out of 25 intended fixtures arranged. The appearance of the field will be greatly enhanced by hie improved flower-beds at the pavilion. Altogether the club has now a membership of about 170.

#### HAY.

The season opens with fair prospects, though the The season opens with Lar prespects, though the club will miss Mr. A. Chapman and the Rev. Irving Davisi. The financial condition is, on the whole satisfactory. The president for the year is Colonel Baldwin; captain, Colonel B. D. Garnons Williams: vice-captains, Messrs Paghe-Morgan and Chalke: treasurer, Mr. B. Illoway; secretary, Mr. H. Morris. The list of fixtures will be available shortly.

#### TISK

The annual meeting of the Usk Cricket Club was held at the White Hart on Monday evening, Mr H. Humphreys presiding over a capital attendance. The committee, in their report, stated that they had decided to employ a groundsman only this season, as the engagement of a groundsman and pro. had not proved satisfactory. They heartily thanked all those who had kindly assisted the club in various ways. The accounts showed a small adverse balance of 5s. 7d. The expenditure, however, was most exceptional, and it was hoped to reduce expenses very considerably this year. The reports and accounts were adopted. The tsual appointments were made, Mr Humphreys being re-elected president, Mr George Edmunds captsin, Mr A. G. Wallace hon. secretary and treasurer, and Mr Reginald Edwards hon. secretary Second XI. Besides the general and match—committee, and management committee was appointed consisting of Messrs H. P. Barnes, F. Hill, W. F. Boberts, H. Freeman, W. Marfell, and W. Billingham. Mr A. G. The bad light that prevailed on Saturday proved a scrious drawback to the enjoyment of cricket and some matches were finished in semi-darkness. At the Park, Ross, the wicket was in first rate order, and on the Ledburians taking first knock; runs came at a great pace, F. A. James and T. H. Hayes facing the bowling of Penduck and the Rev. J. Alban. So well did the two batsmen open their shoulders, that boundaries were more numerous than singles. Sixty-four runs were registered, and out of that number James claimed no less than 40, an innings which included two 6's and four 4's. Ledbury are always considered a good batting side, and when C. B. Masefield joined Hayes another useful stand was made, 37 being added before Masefield was clean bowled by Alban for seven. Jeffery changed his bowling several times, but in spite of this Ledbury continued to score freely, M. Hurray and Williams getting many of the deliveries to the boundary, the former securing six 4's out of 34 and Williams seven out of 38. When the sixth wicket fell the total stood at 202, but following that the "tail" failed to resist Penduck's deliveries, and the venture closed for 207. Penduck, Alban, and Gammond captured three wickets each, but they were expensive.

The eleven that Ross played was a good one, and with such a light as they experienced an going in to bat their performance was highly creditable. Fair cricket was shown by Thomas and Jeffery, but the outstanding feature was the fine exposition of batting by Alban, whose contribution of 30 not out came at a time when it was badly needed. By the aid of C. Montgomery and P. C. Bennett, Ross kept their "ends" up, and when stumps were drawn 110 runs had been registered for the loss of six wickets, the game thus concluding in a draw in Ledbury's favour Five out of the six wickets fell to Williams.

Considering the strong side they have at their disposal, the results of Hereford Cathedral School matches have been somewhat disappointing hitherto. True they had all the best of the draw against the?

deliveries.

#### THE SECOND TEST MATCH.

### \* FROM PERCY ANTHONY.

I was lucky to arrive from Durban on the very eve of the second Test match at Lords, which was greatly enjoyable. Tet it is rather a bitter pill for Englishmen to swallow. This year, I see, the Anstralians have done none too well, and the only point that seemed to interest the man-in-the street was by how much England would win.—Everyone appeared quite confident that she would win—though so many judged that the Selection Committee had made a great mistake in not playing Jessop and a fast bowler. The omission of Jessop, indeed, was a clear blunder on any plane of reasoning, inasmuch as apart from his runsaving in the field he is a match-maker likely to come off and win a game at any moment, and may be said to be due for a big score. Still even on the morning of the third day, there were very few who thought Australia could win—the majority of course favouring the idea that the match would be a draw.

But they had reckoned without Armstrong, who keeping a perfect length in the course of the first hour's play practically put the issue beyond doubt. There were hopes that with 'Maclaren and Janes together, these two great butsmen might do something stupendous, and retrieve England's position, but these hopes were quickly shattered when Noble clean bowled the English captain with a beauty. The fact is that on the third day nobody looked like stopping the rot. Maclaren and Jones certainly added about 40 runs, but neither looked quite comfortable, particularly Jones. In fact, Lilley played the bowling with more confidence than any of them, and on his form in this match is worth his place in the English team for his batting alone. He is evidently a batsman with no "nerves"—a very essential quality for test match honours.

Granted that Armstrong was bowling magni-

Granted that Armstrong was bowling magnificently, still there was no reason why the English team should have failed as it did—the wicket appeared quite good, and played, I should say, quite as well as when Australia batted on the second day. It just happened to be an off-day for the Englishmen, and Armstrong brilliantly backed up by his conferres in the field took full advantage of it.

If the Englishmen had accepted the chances that came their way on the second day, the result might have been different, but therein lies the glorious uncertainty of cricket, when two such fine fieldsmen as Maclaren and Jones both drop comparatively easy catches in the slips, each offered by Ransford in the early stages of his innings. Indeed it was the stand between Ransford and Trumper that gave Australia a winning chance, though the latter was also missed before he had scored by Hayward at point. Two of these chances were missed in one of King's overs, and had they been accepted it is easy to judge that the result might have been very different—truly a rather poor consolation!

And now a few words about the players. I certainly do not consider the Australian eleven-quite up to previous standards, but there is no question that they are a fine team; and will make England go all the way to win the rubber. Indeed, unless England in the nextTest uses slittle more discrimination in her choice of bowlers, I fancy the result will be the same. Helf was the only bowler on the English side who lived up to his reputation, and he bowled really well. Haigh was quite harmless—and Hirst not much better. King, who, I assume, got into the team entirely for his batting, seemed to give the batsmen just as much trouble as either Hirst or Haigh, and had distinctly bad luck, several catches being missed off him. He fully justified his selection, being a batsman with a fine free style, and he was rather unlucky in being caught at point from a full pitch.

The Australian team is an attractive one to watch—both Ransford and Bardsley being batemen who take risks. They are not like the majority of left-handers—slow to watch. On form in this Test match, if I had to pick out the class bateman of the team, I should most certainly choose Bardsley. He is a fine free hat, strong all round the wicket, especially on the leg, and he absolutely threw away his wicket in the best imines in trying to make a big hit to leg from one of Reif's which was on the wicket. Ransford played a fine innings, though he was very lucky, and Australia is indeed fortunate in possessing two such fine left-handed batsmen. Add to these, Armstrong, Noble and Trumper, and one must know that they are a team capable of great things.

As regards bowling, Armstrong is the most dangerous, but I don't think he will equal his performance at this Test again, unless he is materially helped by the wicket. Cotter is simply very fast, and not by any stretch of imagination can be called anything out of the common. It wouldn't at all surprise me to see Noble do the damage in some, of the future Test matches. Their bowling on the whole is not to my mind anything great, and unless the wicket is tricky, any powerful batting side should put up a big score against them. Although there were several missed catches, the Australian fielding maintained that high standard of excellence for which they are noted, and if I had to pick out any particular man for his smartness in the field I should choose Macartney.

I fancy England should win the rubber, but to do so they must not shunt Jessop, and must be better equipped in the bowling department. Otherwise, we shalt have some more pills to swallow. Whatever be the results, the Australians are a team well worth watching, who play attractive cricket, and are a team of triers.

Leominster's visit to Ludlow on Saturday resulted in an easy victory for the visitors, who hatted first and scored 103. Not a very formide total this but Ludlow and South Shrophilicould do nothing with the deliveries of Long, and eight wickets for 10 runs, and their innings classed for the disappointing one of 44. Lones also belied himself to 34 runs with the bat, and I really don't know what the Leominster club would do within him. For the losers J. Woodman also bowled finely, his six wickets only costing 14 runs.

Curiously enough, although the Herefordaline Gentlemen defeated Usk Valley last week, the latter put up a much better fight against the Shropsbire Gentlement than did the Herefordlans, Indeed, the result of their match at Ludlow on Priday was a very even draw, Usk in reply to 148 getting 117 for six wickets, Foster Stedman carrying out his bat for 55. Heavy scoring has been associated with the Abergavenny ground this seagon, and although Usk sequed 187 there on Saturday it was not enough to win or even escape defeat, for Abergavenny strung up 205 for seven wickets, that good batsman, Dr Tresawana, again carrying out his bat for 75.

Harely does a side in country cricket suffer defeat after declaring their innings closed. But this was the fate that overtook Holmer on Saturday, Having scored 85 runs, they declared in their match against Withington, and the latter scoring very quickly, responded with 100 for seven, and so won quite an exciting game.

Although in difficulties as regards the raising of a team, Garway, in their usual sportsmanlike manner, fuffilled their fixture at Goodrich on Saturday, several of their best, batsmen being absent. Going to the wicket first, the visitors cut a sorry figure against the bowling of J. Page and H. Halse, who disposed of the whole side for the meage score of 10. Halse took four wickets for six runs, and Page five for five. Goodrich, however, lost on Saturday, when the word of their best batsmen for 16 runs, but when H. Halse and F. Smith became as contable, and

with the remarkable analysis of seven wickets for 18 runs.

St. Mary's (Ross) and Upton Bishop, both recruits to the noble army of cricketers, met at Ross, on Saturday, when the visitors suffered defeat by 32 runs. Hatting first, Upton Bishop could do little against the bowling of Groves and Cassen, and their innings closed for 26. Groves was responsible for seven of the visitors' wickets, at a cost of enly 14 runs, while the other three fell to Casson. St. Mary's totalled 58, valuable assistance being rendered by G. T. Wilce (not out 24). Both teams batted a second time, with the following recult: Upton Bishop 34, St. Mary's 30 for seven wickets.

wickets.

The annual cricket match between Brecon Christ College and Llandovery School was played on Saturday last, in fine weather, with a nice breeze blowing. The match commenced at 11 a.m., when the College team went to the wickets. This match always draws a crowd of spectators, and the usual interest was taken this year in the game between the rivial schools. At the close of the day the Christ College were declared the victors by over 100 runs. The Collegians, after the conclusion, placed their captain, and two other prominent members of the team, in a truck, and promenaded the town, with much cheering.

HEREFORDSHIRE GENTLEMEN v. RADNOR-SHIRE GENTLEMEN.

SHIRE GENTLEMEN.

This match was to have been played on the County ground, Hereford, on Thursday and Briday last, but owing to the visit of the Australians to Worcester, the fixture was postponed. It is hoped to arrange the match for August.

CHOCATHER OF CHURCH OF CHARLES OF CHARLES

T. O. Thomas showed us some of his old form on Saturday for the Hereford Constitutional Clubagainst Eardisley. He hit no fewer than four \$\frac{6}{2}\text{ in his 92}\$. Thanks in no small measure to Harding's success with the ball, Thomas was able to beat the villagers off his own bat. Soft wickets led to low scoring in a number of instances on Saturday, and low scoring led to some very close finishes. Kington beat Ludlow and South Shropshire by five runs, Ludlow Second XI. beat Bockleton by nine, Worcester Grammar School beat Ledbury by five, Bromyard beat Tenbury by four, and Burton Court beat Lucton School only by two runs. In the firsture between Holme Lacy and Withington the two totals only aggregated \$5\$, and of this number Withington claimed 38.

At Leominster, on Saturday, the home captain, on winning the toss, sent Ross in to bat. No opportunities were allowed to slip by in run getting, and out of the seven Ross batsmen that went to the wicket everyone did remarkably well. Thirty-five runs were added for the first wicket, the Rev. J. Alban again displaying his usual free style. A. Wilding showed a marked improvement in his formy while W. T. W. Jeffrey, C. Montgomery, and H. West also got going. However, the outstanding feature of the Ross ventare was the magnificent innings of Penduck. He scored very rapidly, and it was not until he had carried his individual score to \$2\tau \text{ the Had carried his individual score to \$2\tau \text{ the Had carried his individual score to \$2\tau \text{ the Ross bowlers.} Their partnership realised \$6\text{ truncited his run to the Hengelly, who had been out of practice for two years, that the wickets began to fall. That bowler quickly disposed of four batsmen, including Lones and Parry, who were responsible for \$4\text{ and 5}\text{ runs respectivery.} Time, however, came to the rescue of the homesters, and when stumps were drawn six wickets had fallen for 130 runs.

So far this season Colwall has not suffered defeat. The president, Captain Kilbee-Stuart, is taking a

cricket under Shepherd at Widemarsh, lett his old home to strike out into a cricketing career. Last year he made a lot of runs for Colwall, and now he is the professional of the Alverstone Club. This club met their neighbours, Polesworth, on Saturday, when considerable surprise was occasioned by a victory for Alverstone by no fewer than 174 runs. The feature of Alverstone's innings was the magnificent display of batting by Morris, who knocked up S6 by means of delightful cricket. His Hereford admirers will also be pleased to hear that he had four wickets for seven runs. A good day's work surely

Malvern won the toss, and started batting on a perfect wicket in the return with Herefordshire on Tuesday. Huns came freely from the first, and the score was taken to 45 before L'Estrange was caught at the wicket off Parry. Porch filled the vacancy, and he and Gilmore were not out at lunch time, with the score standing at 60 for one wicket. On resuming Thomas clean bowled Porch, and Gilmore left a few runs later. He had batted an hour for his 41, and half the side were out for 111. The remaining batsmen, with the exception of Mexde-King and Greenstock, did very little, and the immigs closed for 173, not a formhiable so refor such a strong batting side. Thumas came out with the admirable analysis of seven wickets for 54—a very time piece of bowling. He took all his wickets after lunch, at a cost of only 29 runs.

Unfortunately there is not much to be said for the iatting of the home side. It rather recembed a procession. With the exception of Parry and Hayes none of them reached double figures. Lowe was practically unplayable, taking seven wickets at the small cest of 18 runs. M.C. Parry, by the way, subscribed half the runs hit from the bat. It was altogether a most disappointing show and allowed Malvern to finish "two up" on the season's fixtures.

altogether a most disappointing show and allowed Malvern to finish "two up" on the season's fixtures.

The Huce Coat School Cricket Club carried out their first fixture at Widemarsh on Saturday last, when they met the Fri irs C.C., another young club. The scores were: School 76—of which Mr O. W. Owen and Master E. S. Williams scored 40 and 16 respectively; Friars 110—of which Basil Hitchin and H. Mace contribute 68 and 24. The school has a very promising lot of young payers, who should, under their able coach, Mr Owen, and captain, Hay Williams, soon become prominent in local jounior cricket.

Hose made a lucky draw at the Park, on Saturday, where they were opposed by a strong eleven of the Hereford Cathedral School. The wicket was in the pink of condition, and when the School sent in R. F. Palethorpe and A. F. J. Hopewell to face Penduck and Pencelly, runs came fairly fast. These two men put on 48 before being separated, Hopewell hitting six 4's out of 26. The next wicket only until G.W. Grasett got going. Being well supported by Dunkerley and Shepherd; Graxett opened his shoulders, and during his contribution of 47 registered no fewer than three 6's and six 4's. After his shoulders, and during his contribution of 47 registered no fewer than three 6's and six 4's. After his cismissal, however, the last three men fell for one run, the innings closing at 166. Penduck came out with the best bowling analysis of six wickets for 58 runs. Ross, from the opening of their venture, did not appear to be very comfortable with Shepherd's curly ones, and four wickets were down for 35 runs, Jeffrey making 16 and H. West 15. Penduck's innings was "short and sweet," he hitting five 4's out of 24. At one time it looked as though Ross were in for severe defeat, but the last bassmen kept their ends up until time was called, A. H. Fowler and C. H. Raymond for the last wicket putting on 16 for nine. The School have a great deal to thank Dick Shepherd for. On Saturday he bowled as well as ever, keeping a good length and getting plen

the visitors and the bowling of the professional James and Williams for Ledbury, and Hickton for Froome Valley, the latter obtaining five wickets for 33 runs.

Last week I was referring to Colwall's unbeaten certificate. They seem to have lost it the same afterneon. Playing ten men against Malvern's strong eleven, Colwall were never on the map, only sooring 62 against the 240 of their formidable opponents. That good all-round cricketer, W.W. Lowe, was responsible for a punishing innings of 100, and not satisfied with this fine effort also helped himself to five of the Colwall wickets.

I was sorry I could not be at Ewiss Harold last Saturday, as I should have had the pleasure of witnessing that fine cricketer, C. J. L. Abbot, scoring heavily for the Constitutional Club against Pontrilas. It would have been quite like old times, as many a run have I seen Abbot make for the County in the days of Ware and the late H. C. B. Phillips, and I have seldom seen a batsman with a sounder defence than Abbot. When he went in you sort of felt he was going to stop at the wickets for the rest of the afternoon, and doubtless that was the impression he gave the fielders on Saturday. They could not get bru out, and so he perforce had to retire for 56 of the best. Talking of the late H. C. B. Phillips reminds me that I have heard a very good account of his younger son's batting at Repton, where he is in the school eleven. This promising youngster has been making a lot of runs this season, and if the County can get hold of him he should prove himself a very useful addition. Good public school batsmen and bowlers are what we wantin the County side. It is the old cry—too old at forty, and may be applied to Test match cricket or to Herefordshare cricket for the matter of that, with one or two important exceptions so far as H refording are acample to the younger generation in regard to keenness and skill, whether at the wickets or in the field.

# HEREFORD TIMES: SATURDAY 31 JULY 1909-2.

A couple of interesting matches were decided on Weducsday and Thursday, the Herefordshire Gentlenen being opposed by an cleven brought against them by Mr R. Rankin. 5 On the first day, despite a good innings of 62 by P.C. Creswell for Mr Rankin's Eleven, the Herefordlans were able to win by the nice margin of 93, thanks to some consistent batting by T. H. Hayes, G. A. Denny, and C. P. Evill. The skipper, as usual, hit very hard, whilst most of the side were good for some runs. In the return fixture the scoring was very prolific, the Herefordshire Gentlemen leading off with 269 runs for seven wickets, when the innings was declared closed. G. Hrisley was in great form with the bat, and was undefeated to the close with 15 runs to his credit. His runs can all round the wicket, and included twenty 13. Oct the cast of suns, wickets when stumps were drawn. O. D. Winterbridge of the control of the con

nine. Hassett kept wicket very well, and allowed no heys.

A century in one-day club cricket is a rarity, but this distinction befell Faircloth, the Ludlow in pro' at Ludlow on Saturday. Tenbury were the visitors, and managed to draw the match. Still heavier scoring was associated in the game—Malvern—Worcester Grammar School, and thanks to the assistance the former club receive from Malvern College, they are very "hot stuff," indeed few clubs in this part of the world would stand much chance with them. On this occasion, that fine batsman, R. E. Porch, carried out his lat for 144, whilst P. H. L'Estrange gob 88. The hoys and masters of the Grammar School had to. field out against 249 runs for only two wickets as against their own total of 120.

#### CRICKET NOTES.

Hereford Constitutional were at nome on Saturday to a team from Penarth, and scored an easy win. For the home team, E. E. Hall, after being missed twice in the first over, played a fine innings of 102; included in which were five 6's, and ten 4's. This is, believe, his first century in club cricket, and I congratulate him upon it.

Excelsiors (Hereford) v. Ledbury met at Widemarsh on Thursday, and an interesting game resulted in a win for Ledbury h; 18 runs. Batting first, Ledbury ran up a total of 113 before being disposed of, Lane, Williams, and Masefield each making useful scores. This by no means gigantic total never looked like being reached by the home team, as a shocking start was made, seven wickets being down in quick time for only 37 runs. George Morris and Williams then made a plucky stand, the latter foolishly running himself out at 63. Johnson and Morris then made a further stand, the total eventually reaching 95, with Morris takin; out his bat for a well-played 39. Ledbury thus won both home and away matches with the Excelsiors this season.

hat for a weit-playen 30. Incarracy the both and away matches with the Excelsions this season.

It was not until after two o'clock that a start was made in the match between Ross and Leominster at the Park, Ross, on Saturday, Leominster were fortunate enough to win the toss, and consequently Ross, who were without the Rev. J. Alban, had to take the fleld in the scorching sun. The chief feature of the visitors' innings was the fine exposition of battings by Lones, and though in the opinions of the Ross players he should have been given out for a smart catch behind the wicket when his score stood at only 10, he afterwards played bright cricket for his 68, which incauded eight fours. With the score at 155 for eight wickets the Leominster captain declared, leaving Ross one hour and a half to get the runs. This they tried to do for a time, but finding his impossible, decided to play for a draw, which they succeeded in doing, losing six wickets for 90 runs. C. C. Kelly and W. T. W. Jeffrey were responsible for 34 and 21 respectively. The fielding or both sides was clean and smart.

losing six whites to be followed. C. C. Relly and W. T. W. Jeffrey were responsible for 34 and 21 respectively. The fielding on both sides was clean and smart.

Now that the masters of Malvern College are on their holidays, Malvern will not be such a strong team as daring the term. This was evidenced on Saturday, when at Ledbury the visitors had difficulty in securing a draw, Ledbury scoring 152 for five wickets, as against Malvern's total of 184. That fine foreing batsman F. A. James carried out his bat for 74 for the home club, whilst W. G. Davies also played well for his 32 not out.

Considerable interest was taken in the match between the Grenadier Guards and Builth Wells at Crickhowell on Friday. The Wyestiders compiled 178, to which A. R. Evans contributed a useful half-century, and, for a while, looked like winning, for, the Guards opened somewhat shakily. Taylor bowled with remarkable success, performing the "hat trick," and seven wickets were down for 59 cruss only. Not sin Captsin Gaffway and the Hon. W. R. Bailey became associated were there signs of improvement. The pair made a capital stand, and, after an exciting finish, the Guards won by 25.

W. J. Bancroft, as the result of his fine innines of 72 against Builth Wells on Thursday, brought his season's total of runs scored in club cricket to 1,022. Last season Bancroft, for the Swansea team alone, scored 1,002 runs, his highest score being 160 not out against Llanelly, and his two highest scores this season are 140 against the Earl of Plymouth's XI, and 139 not out against Llanelly, He has reached the century on half a dozen occasions, and still has six matches to play in, so that it is very certain he will create a record for his club. In all kinds of cricket this summer—club county, etc., Bancroft has made considerably over 2,900 runs, and will probably reach the 3,000 before the season ends.

The Hoss Club is experiencing a run of bad luck, its victories being few and far between. On Saturday Ross again sustained a heavy defeat at the hands of Ledbury on the latter's enclosure. When these elevens met in June last, they were unable to arrive at a definite decision, but on this occasion. Ledbury made no mistake and won by over 100 uns. After a poor start—four members being sent back for 36 runs—the Ledburgians settled down to business, and the subsequent batsmen materially improved their position. A most useful partnership between J. C. Gustance and A. C. Ford followed, the former hitting out with remarkable freedom. Sixty runs were put on for the seventh wicket, Gustance scoring 57, which included seven 4's. Ford's share heing 21. The tail added 33 runs, and the innings closed at exactly 100 Jeffery changed his bowling several times, but Penduck came-out with the best analysis of five for 67 runs. In batting Ross made a poor show, and its difficult to really understand why they failed so badly. Ledbury had two excellent bowlers in Williams and James, who disposed of Ross for 57 runs, Williams captured six wickets for 22 and James four for 15. J. Bevan was the only man to reach double figures for Ross.

captured six wickets for 22 and James four for 15. I. Bevan was the only man to reach double figures for Rees.

Hereford Excelsiors visited Leominster on Thurs day. F. E. Smith batted well for the home team, who is a reach a new victory by 11 runs. Smith and Reynolds put on 00 runs for the eighth wicket, turning what looked at one time a defeat for Leom nster into a smart win. The Excelsiors' batting was again weak. 107 runs off the bat being a poor total on such a wicket.

The visit of Tenbury to the Grange, Leominster, on Saturday ended in an easy win for the home side. They batted first, and with the total at 187, declared. Lones and M. G. Parry opened ches venture and put on 55 before the former was flowled, having contributed 24. H. Reynolds then joined M. G. Parry and when he had contributed 17 retired hurt. F. E. Smith was the next batsman and runs came fast. M. G. Parry's wicket was captured when he had out the innings was declared. The visitors replied with 96 all out, the principal score being contributed by W. F. Thompson, who made 40. It appeared as though the match would end in a draw but in the last over the last wicket was taken by M. G. Parry. Lones took three wickets for 28 runs, M. C. Parry four for 37 and T. B. G. Vale two for 24. Innings!

# THE M.C.C. AND THE TAXATION OF CRICKET GROUNDS. To the Editor of the Hereford Times. Sir,—I am not in a position at present to publish

To the Estor of the Hereford Times.

Sir,—I am not in a position at present to publish the correspondence that has passed between the Chancellor of the Exchequer and myself with reference to the petition sent by the M.C.C. asking for exemption for cricket and other recreation clubs from the operations of the proposed Finance Act. Lest, however, cricketers, football players, and other athletes have been fulled into a feeling of false security by an amendment published in the Press which may appear to exempt cricket and other recreation grounds from taxation under Cli use 10 (undeveloped land duty) I should like to point out that unless exemption is also secured for such grounds from Clauses I and 2 (increment value duty they must inevitably in most cases cease to exist. In order to provide recreation for those who live in towns recreation grounds must of necessity be within reasonable distance of those who desire to use them. But this proximity to towns will in the ordinary course of events entail an increasing value. The charge on this increment is to be a tax of 20 per cent, on the increased value, to be levied at intervals.

As the State has not yet accepted the responsi-

value. The charge on this increment is to be a tax of 20 per cent on the increased value, to be levied at intervals.

As the State has not yet accepted the responsibility of providing adequate opportunities for the physical training of the Youth of the country, a result of this tax will be to remove such opportunities as are now provided by those who believe in physical training as being a valuable factor in the formation of national character. It cannot be expected that the owners of the freehold, even if they could afford it, would pay the tax without some return from their tenants. In many cases the tenants, i.e., the clubs using the grounds, can afford but little more than their bus or train fare, and so the grounds will be sacrificed to the builder—a doubtful advantage to the community. Clauses 1 and 2 as they stand, seem to be ambiguous, and in order to accertain the exact position of cricket and ther recreation grounds I have ventured to send the accompanying letter to the Chancellor of the Exchequer.

F. E. LACEY.

F. E. LACEY, Secretary. August 16th, 1909.

Copy of letter sent to W. H. Clark, Esq., Secretary to the Chancellor of the Exchequer.

Copy of letter sent to W. H. Clark, Esq., Secretary to the Chancellor of the Exchequer.

Dear Sir,—I have to thank you for your letter of August 13th. I am left, however, in a difficulty as to the position of cricket and recreation grounds, and am uncertain whether I should advise the owners and occupiers thereof that their anxiety is unnecessary. I do not know of any ground that is carried on at a profit or "with a view to the payment of a dividend or profits." It seems to me that all such grounds are carried our for "public purposes" and nearly all for "charitable purposes," eeing that they meet a public demand and are supported in a great measure by those who recognise without looking to any personal return. I am not sure, however, that this interpretation would be placed upon Clause 25 by the Chancellor of the Exchequer, and I should be very grateful if the meaning could be made clear to us. I have received up to the present time resolutions of support from 10bs mostly in two English counties representing nearly 100,000 members. There are about thirty more count is in England with which I am in touch, the returns from which will in some cases be delayed. The athletic grounds in Scotland and Ireland have asked to be allowed to throw in their support. You will, in these circumstances, I am sure, understand my desire to hilay an anxiety which covers so large an area.

I am, without, I hope, any breach of confidence, giving this letter to the Press, so that the owners and occupiers of cricket and recreation grounds may realise that their position is at present insecure.

# HEREFORD TIMES: SATURDAY 28 AUGUST 1909-2

the sort of train we can put into the field ourselves almost any day in the week. A resume of the county (Turb's season appears in another column. The Except is visited Stoke Edith on Thursday, and the gene resulted in a win, on the stroke of time, for Frosine Valley, whose displayal round was superior to that of the Hereford team, backley played a useful, if locay, manugs, and with Kevilt. Davies, added 80 runs in about 30 minutes, the Valley team having but 70 minutes in which to get the H17 runs required to win.

Seldom have Leomister had such a licking as awaited them at Ludlow last Saturday. The home side, thanks to a creat innings of 167 by the Rev Bastings, totaled 317, and then dismissed Leominster for 90. The losers doubtless missed M. C. Parry, but this does not detract from the merit of Hastines's performance. Why, as a trial of endurance it was a remarkable effort, and shows us that the Ludlow amateur still retains his form. Another 1 ceteran in C. J. L. Ablot has also been making rouns for Eardraley, and his catting against Weobley was in no small measure responsible for the success of his side. It comes to me that some of the old acnost will have a lot of stopping yet, and if a match were arranged between an eleven County players over 40 and an eleven under 30, I should not be supprised to see the boys beatem.

Saturday was not at all a pleasant day for cricket in the Hose district, for the heavy storms at inter also made, it not only difficult for both batishen and bowlers, but also to those out in the field, the wet ball making a considerable difference to the "gathering" and throwing in. Chepstow were the visitors to Hoss, and a charge for admission was made, the proceeds being on behalf of a benefit to M Sidney Price, whose connection with the Ross Cricket Club has been of lene duration. Price has rendered yeoman service to the chy, and though he has figured more with the second eleven, because of his being its captain, his abilities as a cricketer have fully qualified him to take a place in t

to take a place in the first string, which he has often done. Chepstow batted first, and though there was nothing great about their exposition, excepting that of W. H. Muney, jun, they succeeded in taking the score to 122 for eight, when their captain declared. Muney, who had quite a variety of strokes, scored with remarkable freedom, getting the half to the boundary nine times, while he hit four 3's and five 2's, his innings realising 65. Five bowlers were tried by Jeffery, three of whom met with succees, but the Rev J. Alban came out best with four wickets in eight overs for 24 runs, the captain and Penduck capturing two each at a cout of 39 and 34 runs respectively. In batting, Ross again failed, only two men being able to cope with any degree of certainty with the deliveries of Richards and tunningham. Penduce preyed caretin cricket for

only two men being able to cope with any degree of certainty with the deliveries of Richards and Commingham. Fenduce prayed caretin cricket for his 15 runs, and Jeffery is to be compilimented on his consistent innings of 33 not out. Going in second wicket down, he played out time, thus preventing what at one time appeared to be a defeat for Ress. S. Price was the last man in, and he and Jeffery added seven runs without being separated, the score when stumps were drawn being 66 for nine wickets. R. Richards took five wickets for 30 runs, and C. A. C. Cunningham four for 20. That makes the seventh draw the first eleven have experienced during the present season, they not having won a makeh since the commencement of June. Owing to the uncertainty of the weather, the attendance was not very large.

Kington and Burton Court is always a popular fixture, as the Court is usually strengthened by the inclusion of the Hall Brothers, at home on holidays. Burton won the toss and decided to but, sending in Southern and K. L. Hall to the bowling of Dale and Price. Both batsmen scored freely, and a change of bowling was tried to advantage. Partridge taking Southern by a splendid catch off his own bowling. Noberts was next in, and proved a stubborn defence, until he lifted one and was caught by Price. K. L. Hall continued to score freely, until caught from a splendid drive by Jabbs. None of the other wickets were very costly, and the innings closed for 125.

Kington started with Partridge and B. Price, and runs same slowly. Price contended himself with holding his end up and scoring occasionally to legator to the substances of the land of the spectators were treated to some splendid cricket, four splendid drives for 4 fall runn and six 3's. Price was then given out libe. It is quite possible the umpire was right in each instance, but the spectators could not see eye to eye with him. Skellington came in, and scored 12 before he was unfortunately run out, which brought the innings to a close, time alone robbing Kington of a victo

### IMPRESSIONIST'S NOTES.

Herefordshire brought their season to a close on Herefordshire brought their season to a close on Saturday with a three wicket victory over the M.C.C. The last few years the premier club has not been so strongly represented, and as a consequence the match will soon come to be regarded as a good thing for the Herefordians, instead of what one likes to see it—a hard struggle for the County against somewhat superior forces. We like to see

Saturday Eleven.

The Hereford Men's Cricket Club (Saturday—XI.) brought their season to a close on Saturday. September 4th. They have achieved a very gratifying measure of success, for of tweive matches played five have been won! three lost, and the remaining feur left undecided. The teams defeated have been Hay, Whitney. Hereford Post Office. Holme Lacy, and Lugwardine (once each), while losses have been sustained at the Lands of Malvern 2nd XI., Hereford Post Office, and Lugwardine (once each). Drawn games have been played with Withington, Melvera 2nd XI., Holme Lacy, and flay (once each). F. Watson carries off the batting homours with the splendid average of 32.3 ruts per innings. He has displayed capital and consistent form all through the season, and has only failed to reach double figures upon one occasion. His best score is 67, obtained in the return game with Holme Lacy. On the low occasions when he has assisted the club. P. H. Trew has rendered invaluable service, and claims the excellent average of 2s.66. W. C. Wellicome, who was, unfortunately, unable to turn out regularly, has also batted finely in several matches, and has proved of immense value to the club. Prominent also with the bat have been C. Jones, T. Fennell, A. E. Wilks, and F. Sargent. Unfortunately, the bowling analysis has not been recorded in every match, and is, therefore, not available, but a list of bowlers and the number of wickets they have taken will be found below. W. C. Wellicome, F. Watson, and A. E. Wilks have borne the brunt of the attack, and each has accomplished many excellent performances. Appended are the batting averages compiled up to August 2sth:—

Cripps proved invaluable, as an all-round player doing good work both in batting and bowling. A. E. Morgan, A. E. Johns, and F. H. Morgan, have all done well in batting, the former in particular showing to great advantage in several matches. In securing 31 wickers at an average of 6.64, P. WEOBLEY.

WEOBLEY.

Matches played 12. won 8, drawn 1, lost 3. The above record is a great improvement on that of last season, the club only winning two matches then, and in 1907 only one. Considerable difficulty was experienced instancing a full team during several matches. The club is very much in need of a good bowler or two and a wicket-keeper who would play regularly throughout the season. The averages for the past season are as follow:
