1231A 1411 (ODI)	* Ireland	Sri Lanka	Sunrise Sports		29/11/2021	Y*

The event was curtailed by the ICC due to increasing COVID concerns

ICC Head of Events Chris Tetley said: "We are incredibly disappointed to have to cancel the remainder of this event but with travel restrictions from a number of African countries being imposed at such short notice there was a serious risk that teams would be unable to return home.

"We have explored a number of options to allow us to complete the event but it isn't feasible and we will fly the teams out of Zimbabwe as soon as possible. Bangladesh, Pakistan and the West Indies will now qualify for the ICC Women's World Cup 2022 by virtue of their rankings, whilst Sri Lanka and Ireland will also join them in the next cycle of the ICC Women's Championship."

The teams who have qualified for the ICC Women's Cricket World Cup 2022 to be held in New Zealand from 4 March to 3 April are Australia, England, India, South Africa, New Zealand (hosts), Pakistan, West Indies and Bangladesh.

The number of teams in the third cycle of the ICC Women's Championship (from 2022-2025) has been increased from eight to ten, and these teams will be Australia, England, India, South Africa, New Zealand, Pakistan, West Indies, Bangladesh, Sri Lanka and Ireland.
